N°. 2 & 3 From the Deputy Governour &c^{a}. Council of Fort S^{t}. David dated 27 Dec^{r}. & 2nd. Janu^{ry}. the first requesting some Bale rope, the other desiring some Scales & Weights and recommending a request from the late Arrack Farmers to be excused a part of the Rent.

Packing Stuff sent thither. The request of their arrack Farmers rejected.

The demand in the former was complied with by two Country boats, the latter being judged unreasonable is rejected.

Remarks on the Vizagapatam & Ingeram Cloth to be sent to Europe.

Having been in the Sorting Godown Yesterday and this day to view the Vizagapatam and Ingeram Cloth, all that was white of the former was order'd to be sent home on these Ships and the Sallempores from the latter place, but the Long Cloth being not so well cured as it ought to be agreed that the Warehousekeeper keep that Cloth till the last that so as much of it as is not wanted to fill up the tonnage of these two Ships may be rewashed here.

——*FORT ST. GEORGE, JANUARY 1735-36*——

The Izzarees were also orderd home but being compared with the white Gingham made at the petta it was the unanimous opinion of the board not to provide any more of that sort of Cloth at Ingeram since the Ginghams made here are apparently cheaper.

Izzarees being dearer than the Ginghams made at Chindadre Petta, no more to be provided at Ingeram.

PETITIONS read & granted Viz^{t}.

Petitions read

From Captn. Francis Steward for pepper exclusive of his Charterparty tonnage.

for Surplus Tonnage.

From Captn. William Hutchinson for Surplus Saltpetre fifty Tons.

Do.

From M^{r}. Edward Wodnoth for leave to go home on the Nassau.

For permission of passage to England.

The Committee appointed to examine the accounts of the Company's Vessels deliver in their Report which is read & orderd to be copied after this Consultation.

Report of the Accounts of the Company's Vessels deliver'd in.

The measures taken in the beginning of the last year to prevent engrossing of grain, the supplies in August & Septr. together with plentiful rains this Monsoon on both sides of us and a moderate quantity here having made Paddy considerably cheaper than the last Year, the furnishing the Military was taken into consideration who having been supplied in the dearer times with what was last Year provided for them were content to take it at the same rate the last three months tho it was considerably cheaper because it was laid in for them. But it would be unreasonable to expect the same now when they may purchase what they want fifty ℔ Cent cheaper wherefore it was agreed to deliver it to them from this time at 15 Mercall ℔ pagoda and the Company having five hundred garse on hand laid in agreeable to their repeated Commands to answer any Emergency agreed that the Warehouskeeper provide this year only so much as to keep up that Quantity and that it be done at the cheapest season which it is judged will be on the arrival of the rest of the northern boats now daily coming in.

Supplying the Garrison with Grain considered,

to be deliver'd the Military at 15 Merc^{ls}. ℔ Pag^{a}.

The Quantity of 500 Garce to be kept up.

Then the Promise made the Honble Court of Directors in the Letter by the Prince of Orange relating to the Broad Cloth being taken into consideration, The advantages and disadvantages of selling it at Outcry were debated and the Board agreed as follows

Method of disposing of the Company's Broad Cloth debated.

That Broad Cloth may be sold at Outcry sometimes for a higher price than the Company's Merchants give for it, but that there appears no other possible advantage from it. That on the other hand the disadvantages are

The disadvantages of selling it at outcry.

1st. That there must be a long trust and perhaps some bad debts made.

2nd. That if we do not always sell by Contract our Merchants will not take it when the price doth not answer at Outcry.

3rd. That those who buy at Outcry will buy only for the present demand.

4th. That consequently the consumption is not likely to be encreas'd by it.

That selling by Contract has no Inconvenience attending it but a possiblility of sometimes getting a larger price at Outcry.

But the advantages of it are

Advantages of selling it by Contract.

1st. a Certain Profit to the Company on what sold.

2nd. The Consumption also certain.

3rd. A Security from bad debts, the goods being kept in our hands till the money is paid.

—FORT ST. GEORGE, JANUARY 1735-36—

And if the Governing Moors continue the Method they are this Year fallen into the selling by Contract may very probably encrease the Consumption since if the Nabobs and other great Officers find a profit by buying this Cloth, it is evident they will encourage the use of it and as they pay no juncans in the Country they can afford to sell it cheaper than private merchants can and having always large quantities of money by them they take off large parcells at once.

To this perhaps it may be said that We might deal with the Great Moor men for it ourselves but We can by no means believe our Honble Masters would approve of our engaging in transactions with the Government that might possibly be attended with disputes, the Consequences of which no body can foresee, much less avoid, for which reason it has been the Constant Maxim of this place to have no dealings in Trade with them.

Agreed to continue the present method.

Upon the whole it was resolved to continue the present method, unless We should receive Orders from our Honble Masters to the Contrary.

Fort S^{t}. George
Decr. 31st. 1735.

Nicholas Morse,
Accomptant.

Ingeram Residency November 1735.

Remarkes on the Ingeram Books ending Ultimo April 1735 compared with those for the preceeding year Viz^{t}.

Charges General.

This Head exceeds the preceeding Year Pagodas 19. 2. 44 as the several Articles inserted under this Head are casual, sometimes more, sometimes less. The Particulars for so small a difference cannot be exactly enumerated but consists cheifly in Peons Batty to Vizagapatam, as also to Peons that bring money from thence.

Account Presents.

This Head exceeds that of the Preceeding Year Pagodas 204. 14. 33 and arises chiefly from the Presents sent to the Nabob by M^{r}. Simpson, and afterwards other Presents I was obliged to make to him and his people to procure Phirmaunds and Dusticks to be wrote in my name when I came to succeed M^{r}. Sanderson, this with some Presents to the several Fousdaars and Others, upon the Revolution of Government in these Parts, occasions the difference abovementioned.

Charges Extraordinary.

This Head exceeds that of the preceeding Year Pagodas 92. 32 and arises from Messrs. Simpson's and Goddard's travelling Charges from Vizagapatam hither, as also from mine, and the Madapollam Peoples Charges from that Factory to this and entertaining eight Peons extraordinary, and people to attend the great Boat during the troubles in these parts.

Account Salary.

The difference in this article is occasioned by M^{r}. Goddard's being here.

Diet monfy &c^{a}. Allowances.

The difference in this Article from that of the preceeding Year is occasioned by an Increase of Company's Servants, M^{r}. Simpson for two months, and M^{r}. Goddards continuing here.

Charges Merchandize.

This Article exceeds that of the preceeding Year Pagodas 64. 33. 15 and arises from a greater number of Bales being sent to Madrass this, than the preceeding Year as also from Freight of Sundry's sent to, and received from Vizagapatam.

Metchlepatam & Madapollam Factory's.

As this Head is not in the Ingeram Books for the Year 1733, The Expences arise from the Charges at those Factorys for this Year and amount to Pagodas 469. 7. 70.

Servants Wages.
Account Repairs.
General Stores.

These 3 Articles amounting to less this Year than that of the preceeding need no farther Remark relating to them.

ACCOUNT Charges at Vizagapatam in Books Letter G Letter H, and Letter I, with the Increase and Decrease between Books Letter G and H and Letter H and I, as also between Books Letter G and I, put under the Regulation as they stand upon Books Letter I, as likewise the Heads which they are under in Books Letter G and H, Viz^{t}.

To the Hoñble Richard Benyon Esqr.

President & Governour &c^r^. Council of Fort S^t^. George.

Hoñble Sir and Sirs

As you have been pleased to direct us to examine the accounts of the Hoñble Company's two Vessels employed in the Country under the direction of this Presidency to see if there be any possible way to prevent the Encrease of the Cost of them or to add to their Earnings, and to get such Intelligence of the expence of other Vessels of near the same burthen, We have determined to begin our examination of the Accounts of Ship George from her return from Manaar which was in the year 1730 to which time we find M^r^. Hubbard the then Accomptant has made a report about her and of the Madrass Galley from her first Building both which we propose to carry on till the Close of the last books. This account with the remarks naturally arising from it will we hope fully answer the three first directions we have received from Your Honour &c^t^., as for the other there are so few Vessels of or near the Size of the Company's Two belonging to any of the Gentlemen here that we fear we shall not be able to give Your Honour &c^t^. so full satisfaction therein as we could wish.

——*FORT ST. GEORGE, JANUARY 1735-36*——

Ship George has made within the space we have limited ourselves to no more than six Voyages and consequently her Expence has considerably exceeded her Earnings, of which that Your Honour &c^{a}. may judge the more exactly we here incert the account of each Voyage instead of carrying on the account from year to year as has been usually practis'd. It is as follows.

When this Ship return'd from Manaar we find the account made up to the 30th. April 1730, at which time she stood the Honble Company in the Sum of				Pag^{s}.	18728	28 45
She lay in the road that year unemploy'd till September because the Season of the year would not permit her going to Bencoolen sooner or at least not afore the middle of August and the bad state of the Fort S^{t}. David Investment gave no room to employ her between this port and that In this time her Nabot pay amounted for 5 Months to ..	Pag^{s}.	269	30 —			
In September she went to Bencoolen in which Trip she spent between 8 & 9 Months. Her expences were as follows:—						
Impress Wages &c^{a}. for the Voyage		885	12 —

Deduct Sundry Stores sold in the room of some delivered her		72	31 65			
Spent while she lay in the road and during this voyage					1589	34 10

All which is added to the Cost of the Ship because the allowance for carrying the Company's goods over to Bencoolen being 1000 Pagodas was omitted to be charged and the freight of private Goods then sent which amounted to about Seventy or eighty Pagodas and was received at Bencoolen was not accounted for till the next voyage.

In June 1731 she return'd to Bencoolen but as at that Season the Southerly Monsoon blows strong she spent several months getting thither, she was employ'd some time on that Coast and in her return in the Northerly Monsoon which obliged her to come the inner passage she met with a Storm wherein she lost all her Masts, Anchors and Cables and was obliged to put back again, the whole time spent in this Voyage including her fitting at and coming up from Vizagapatam was about twenty months.

The Honble Company having by the Ships arrived here in the year 1733 ordered a quantity of Redwood to be purchased for Bombay and those orders arriving after the usual provision was made the additional quantity could not be brought hither till the Europe ships were all gone to the Bay and this Vessel was sent down with it. It was not supposed that the freight of the Redwood would pay the Expence of the Vessel. This was one of those extraordinary services for which in great measure these Vessels are kept and which cannot be perform'd without them however the Expence would not have been very considerable had she not met with a violent storm as she got to the Foot of the Braces in which she had nigh foundered and in which several ships and most of the Sugar Boats in the river were lost and she had six foot Water in her hold.

When the George return'd from Bencoolen the Galley was expected immediately after so there being no necessity to return her thither and the season being too far advanc'd to employ her between this place and Fort S^t. David. She was sent to Pegu to fetch Timber and plank for the Buildings at Vizagapatam and Fort Marlbrô and orders sent to the former to fill her up with Bales if the Europe Ships could not bring all away.

This Trip was proposed to be compleated by the middle of January but she met with so many Calms & so strong northerly Currents in her passage from Vizagapatam that it took up above three month's more and thereby occasion'd near 400 Pagodas additional Expence, the account as follows:—

This Ballance is not exactly the same as in the General Books because the Freight of private Goods to Bencoolen and some of her Charges there are not brought to account but it is the true one.

It would be a thing utterly impossible for us to compare every Item of these Expences but in the whole we remark That the whole of the disbursements upon her in five years is Paˢ. 12371. 29. 59 or Pˢ. 206. 7. 7 ℔ month of which Paˢ. 112. 24. — is wages the rest is the Expence of fitting and her wear & tear which we must say does not appear to us to be extravagant considering the two Storms she met with which occasioned her being refitted twice in this time. When we say this we have regard to the place she is chiefly employ'd at which makes a larger Expence both for wages and Stores necessary than otherwise. The almost constant rains on the West Coast occasions a great deal of sickness among the officers and mates as well as the Lascars and makes a greater number of people necessary to navigate this vessel than would be wanted for other Voyages. The Extream hard Gales all the Northwest Monsoon occasions the frequent Loss of Anchors & Cables and strain the Vessels exceedingly as they lie in the road besides the rotting of the sails and Rigging by being almost constantly wet. This occasions frequent Supplies of Stores and makes it necessary to refit the Vessels there and when that happens the unskillfulness of the Malay Carpenters, their Idleness and high wages and the great pay of Europe Carpenters if they have an opportunity of getting them enhances the Charge exceedingly.

The Madrass Galley came from Pegue the beginning of the year 1732. The Expence of Building her as by Mʳ. Berriman and Mr. Palmer's accounts is Pagˢ.

In February 1731–2 she went to Bencoolen and would have been back in reasonable time had not the Negligence of the master occasioned the Loss of her passage and the spending a considerable Time on the Coast here so that she was a whole year on that Trip.

This Conduct occasioned a Resolution of removing him but there was no capable Man then to be got who would accept of it and the President & Council having occasion to return her to the West Coast they were obliged to continue him in the Command of her till they could find a proper man to put in his place.

of which above seven hundred ought to have been charged to the West Coast where she was kept almost twelve months to fetch pepper from the several Quallos which service the Deputy Governour & Council there represent as absolutely necessary as conducing to the encrease of the pepper Plantations by encourag^{t}. the people at the several Quallos to set heartily to work when they were assured of having the pepper taken off their hands as they got it ready but in this Service they spent above 1070 Pagod^{s}. on the Vessel whereas she earned only 360. —. — Besides Impress paid when she went out which was not all expended when she arrived there and arrears paid on her return besides also wearing out all her Cables so that on her return here she was supplied with four new ones.

——*FORT ST. GEORGE, JANUARY 1735-36*——

This Vessel has cost in thirty eight months upwards of five thousand two hundred and thirty five Pagodas or one hundred thirty eight Pagodas ℔ month of which eighty four is Wages so that her expence of Stores though she be but three years old and was or ought to have been compleatly stored when she went her first Voyage has been one month with another Pag. 54 though for all that we do not find she has ever been repaired except a little Caulking and a few Sheathing Boards shifted at Beneoolen so that on her return she was so leaky that it was necessary to send her to Vizagapatam to be refitted.

It was thought that one thousand Pagodas a Trip for the George and six hundred for the Galley for a Voyage to the West Coast with a freight of four ℔ Cent on private Goods would be sufficient to defray the Charges of those Vessels but experience has shown the contrary. This has been in good measure owing to their lying on the West Coast sometimes under a notion of it's being a bad time of the year to return sometimes to be sent up and down the Coast and at others they have been kept for adviees. Wherefore we propose,

That positive orders be given to the Deputy Governour & Council there not to detain either of these Vessels any longer than while they are unloading, loading or refitting unless it be necessary to employ them along the Coast or that they are detained for some other Service of Importance and in such case,

That they give the Vessels credit the George two hundred Pagodas P^{r}. month and the Galley one hundred and forty keeping a head in their Books of affreightment of ship George or of the Madrass Galley as it shall happen which head they must charge for the said allowance and discharge by the Service performed and not as in the last Voyage of the Galley which they kept on the Coast till her Expence was above 1000 pagodas when her Earnings were only 360. —. —.

And because it is troublesome to examine every Item of the Charges placed to the debit of Account Current Fort St. George as expended on those vessels Your Honour &c^{a}. will please to direct them to keep a head of each Vesell in their Books debting such vessel for what expended on her and crediting her for what carned and at her departure to pass the ballance of the said account to Account Current Fort St. George sending Copy of the said account with the Vessel.

That the allowance to the Galley be eight hundred pagodas for a Trip instead of Six.

That the freight of private Goods be collected by the Sea Customer there with the Customs and paid in with them We mention this because the freight due to ship George for her last Voyage was twelve months unpaid.

We have not proposed any additional freight for private Goods four ℔ Cent on piece Goods being as much as is ever paid to or from Pegue, Bengal or the Malabar Coast and sometimes more.

These are all the regulations we can think of for adding to the Earnings of these Vessels except what we are going to propose with regard to their passages to and from the West Coast which is,

That the Vessel be dispatch'd sometime in January the sooner the better by which she will have the northerly winds to carry her cross the Line and be able to return here in May by the Southern passage or the beginning of June.

That she be again dispatch'd to Bencoolen sometime in August so as to get there by the end of September or beginning of October to be dispatch'd from thence so early as to come back by the streights of Sundy, Banca & Malacca in December or the beginning of January.

These passages we look upon as certain and therefore we should think one Vessel sufficient for the service were it not that the Gentlemen at Marlbrough have sometimes occasion to keep a Vessel on the Coast and the Vessels often want repair in either of which cases they would be disappointed of the usual supply for one

Voyage and perhaps for a whole year. Whether it be better in such case to run the hazard of getting a Vessel on freight and being at the Expence of it since private people must have a profit for the use of their ships or to keep both these Vessels Your Honour &c^{t}. will please to determine.

We have not mention'd that the Vessels which return by the southern Passage coming empty may call at Fort S^{t}. David and take in what Bales may be ready there nor the probability of their making a Trip thither between such return and their new Voyage in the month of August, either of these will be some addition to their Earnings.

These Vessels have by the several accidents mentiond in the former part of this report run up to a prodigious Sum, We think the George will be overvalued at five thousand Pagodas and the Galley at three However we propose those Sums to Your Honour &c^{t}. to fix them at & the rest to be wrote off to Profit and Loss.

And that the Honble Court of Directors may the better judge of the Expence of these Vessels and the Service performd by them We propose further That the accomptant keep the accounts of every Voyage separate in the General Books and carry the gain or loss to that head lessening the value of the Vessels every Voyage so as that when they have occasion for an extraordinary repair or supply of stores they may not exceed the rates abovementioned.

To prevent the Embezzlement or Wast of stores we propose that the master and Chief Mate of the George now here and of the Galley when she comes in do take an exact Inventory of all the stores on board & sign the same to be lodged with the Storekeeper specifying the Condition of the said Stores whether they be new or how far worn.

That on return from a Voyage they do deliver in an account of the Expence of Stores sign'd in the same manner.

That no new Stores be delivered but in the room of those expended or rendered useless.

That all Sails, Cordage &c^{t}. that is said to be grown useless brought ashore and surveyed and such of it as may be converted to other uses be sent on board for such uses and the rest sold at Outcry.

That all their Cables, standing and running Rigging and in fine all their Cordage be Europe because Coir will not last above one Voyage the rains on the West Coast rotting it and rendering it perfectly useless and that sort of Cordage will not serve for anything else whereas the Europe when unfit for Cables or Shrouds will lay over again for small ropes or at worst make Junk which the Vessels must be supplied with and if not this way it must be purchas'd for them which cannot be done under two pagodas & sometimes more ℔ hundred weight and new Cordage doth not stand the Company in above Pag^{s}. 3. 18. The difference is not equal to the Cost of Coir.

And whereas it has been found by experience that the Command of these Vessels is not near so advantageous as of other Country Ships and therefore good men when any other Employ offers are hardly to be prevaild on to continue in the Company's Vessels We propose to Your Honour &c^{t}. to give some further Encouragement to the Masters and mates of them. Their present allowance is 1300 Pagodas adventure. This they borrow at Respondentia and if the goods receive no damage in the voyage they may clear 15 or perhaps 20 P^{r}. Cent by them and we beleive when Your Honour &c^{t}. consider the Risques and Fatigues they undergo on that sickly & tempestuous Coast you will not think two hundred and fifty Pagodas and their pay when divided among three or four people encouragement sufficient to keep good and capable men in that Service.

There are so few Vessels of the like burthen with these two belonging to this port that we have been able to get account of the Expence of only two The Tryton Galley and the Neptune Brigantine. The owners of the former assure us that she has

——FORT ST. GEORGE, JANUARY 1735-36——

stood them one year with another upwards of two thousand six hundred Pagodas Pr. annum. She is of the same burthen with the George and was built in the year 1731. The other has cost her owners only three thousand five hundred and fifty Rupees Pr. annum in a medium of three years, but she was bought immediately after having been compleatly repaired and has not wanted any since besides that she has every year made only one Voyage out of Bengal to Cochin and back again so that she has been always laid up half the year and her people discharged.

The Petition from Sadashavarow mention'd in the Letter from Fort S^{t}. David dated 16 February relating to the Windmill together with the report of the charge of repairing the same which are entered after this Consultation being taken into consideration and it appearing that the said Mill is frequently out of Repair; that the charge of repairing it, even now that it has been built but a few years and consequently that the Timber work is not yet decayed, is very considerable and therefore that it will in all probability be yet more in some years; that it requires now considerably more than a year's rent to put it in order agreable to the terms of the Lease and there being but little likelyhood that we shall get the same rent again It was resolved to pull it down and sell the materials for the most they will fetch and to release Sadashavarow from his obligation to hold the same the remaining two years of his Lease. Sadashavarow's petition about the Windmill at Fort St. David consid^{d}. & the report of the charge of repairing it. The mill to be pull'd down and the materials to be sold. THE HUMBLE PETITION OF SADASHAVAROW
SHEWETH

That Whereas your Petitioner held the Boundrent of the Honble Company for 3 Years including also the Windmill rent @ P^{s}. 160 ℔ annum upon terms that your

—FORT ST. GEORGE, MARCH 1735-36—

Petitioner should be supplied with as much Water as will be sufficient to water all the Paddy fields since that your Petitioner had no manner of use with that, by reason that the Water does not flow to their paddy fields and all their Corn are wither'd for want of Water and your Petitioner has not the benefit of 10 P^{s}. ℔ annum by it he was obliged to borrow Pa^{s}. 160 last year for to pay the Company and the Company have also been at the Charge of a great deal of money for keeping it in repair more than that Farm will come to and your Petitioner han't been able to pay that rent for the remaining 2 Years because of the Loss sustained thereby besides this there has been several ballance remaining upon the Bound Habitants & your petitioner could not collect it because of the famine.

In these unlucky Circumstances of Credit your Petitioner refers it to your Worship's most serious consideration so far as to quit him that Farm because your Petitioners have been great sufferers thereby,

Who as in duty bound shall ever pray.

The Windmill Masters Report concerning the necessary Repair of the Windmill.

First there requires a Bank to be raised round the mill about 6 foot high that the Sails may be handled without a Ladder.

Secondly, the four Vains are made too flat & thereby receiving the wind too full doth not discharge it quick enough out again which prevents them moving Swiftly round, whereas if the Vains were sloped a little more the Wind would play quicker out and in & drive them faster round.

Thirdly The main axletree neck on which the Vains are fasten'd is made so thin that a great Blast of wind would endanger it's breaking but if the stool which supports it was shifted near the Vains the neck would be thereby shorter and by so much the more stronger.

Fourthly the main axletree will be too short by reason two wheels and the Water-Roll &c^{t}. must be mov'd lower down for the Water is convey'd ten foot above the Ground which is not only needless but loads the water Roll with more weight than is convenient and makes it move more slowly round but note the old axtetree will serve for a Beam of which there are only five whereas there ought to be six.

Fifthly the least of the Wheels requires a new axletree the old one being much shorter than the diameter of the said wheel makes it jump out of it's place and always unsteady.

Sixthly The Cistern or Receiver of the Water standing within the Water-Roll could not be made bigger than the Circumference of the said water Roll would admit of whereby being too small it always loses much Water for when the Mill goes fast round the Buckets are swiftly conveyed over the Cistern before they can discharge the Water into it or if the Mill goes slow they begin to empty themselves before they arrive at the receiver but if the said Cistern be removed under the Water Roll it may be made big enough to receive all the Spray of the Water without spilling to do which there must be made a new Axletree to the Water Roll. By these alterations 'tis beleiv'd the Mill may be kept in due order and always discharge double the quantity of Water it did at First the Expence of which is computed to cost about two hundred Pagodas little more or less.

H. F. The mark of Henry Fielding
Windmill Master.

According to the Deputy Governour's order I have examined the Windmill and to the best of my judgment find what the Manager of that Machine requires to put it into the order it ought to be is necessary but I beleive 'twill exceed the charges he hath calculated it at besides Mens Labour of drawing water is so cheap here and their way so expeditious that a Mill never so well made will not perform the work so cheap, for I have seen six men with three baskets fling out the Water faster than the Mill could supply a Receiver made for a Trial of it's performance.

P^{r}. Baker.

General Letter N°. 26 from the provisional Chief and Council of Fort St. David dated 1st. Instant read inclosing their accounts for January.

Instructions sent with Mr. Graham abt. the Maddepollam debts & the measuring & curing his cloths.

Mr. Graham being on his departure ordered that a Letter of Instructions be prepared for him directing him to recover the Maddepollam Ballances, to keep up to Lengths and Breadths in the Cloth he provides and to be more exact in the sorting and curing his Cloth than the last year.

Answer from Arcot abot. the Tellicherry Affair. Imaum Sahib sends Letters for the Bednore Rajah & his General about it.

The President reports that he has receiv'd Letters from Imaum Sahib in answer to what he wrote to Arcot about the Bednore Rajah and produces them to the Board the purport of them that the Nabob has no Intercourse with the said Rajah but that he himself Imaum Sahib having a friendship with the said Rajah and the General of his Army, had wrote them to desire the English might be left in peaceable possession of their right.

which it is agreed to transmit to Tellicherry with our remark on them.

It was agreed to send these Letters to Mr. Law and Council with their Translates and at the same time to signify to them that we apprehend as they are only recommendations they may not carry that force with them that more positive orders might do but that we have sent them for them to make use of if they see proper.

Notice of one Duggood beleiv'd to be in the Service of the Spaniards of Manilla coming to take in Goods at Porto Novo for that Port.

The President acquaints the Board That by private Letters he is inform'd One Mr. Duggood beleived to be employed by the Spaniards of Manilla is coming from Bengal to Porto Novo to take in goods for Manilla which being contrary to the orders of the Honble Company, he proposes to the Board to consider what is proper to be done on the occasion.

The matter considered.

Resolutions thereon.

The Board considering the difficulties attending the putting the Company's orders rigorously in execution on this occasion by which he ought to be immediately sent home for being in a foreign Service in India and further that in case he did not carry any goods proper for Europe to Manilla there would arise no prejudice to the Company by his proceeding were of opinion that the advantage to our own Trade by putting a stop to such Projects ought not to be consider'd where so doing though even in support of their orders might be attended with ill Consequences to the Company and therefore AGREED to look upon Mr. Duggood's Ship as English since the President and Council of Bengal have thought fit to grant him a pass and content themselves with signifying to him that he is not to trade in any Piece Goods proper for Europe and that he is to come to an English port.

Money advanc'd the Expo. Wareho.— keeper to pay for Paddy.

The accounts are entered after this Consultation, And

Rental Genl. & Scavinger reports several persons unable to pay the tax,

He reports that there are a very great number of persons taxed in the Rent Roll at four & Six fanams each who are real Objects of Compassion being either Old Men past their Labour or poor widow women who live by spinning of Cotton thread or beating Paddy and the like sorts of work by which they cannot get more than thirty or thirty five Cash ℔ day. That the major part of the bad debts arise from taxing these people, and that having the new Roll ready all but affixing the rates which every one is to pay he desires directions of the Board whether these persons shall be excused or continued on the Roll as usual.

is order'd to prepare the new Rent Roll & to omit all those who are real objects of charity.

The frequently repeated orders from our Honble Masters for releiving the poor making any debate on this subject unnecessary: he was ordered to prepare the New Roll as soon as possible and therein to omit charging all such as appeared to him to be real objects of Charity and when done to present the same for the approval of the Board.

Then the President addressed himself to the board to the following purport.

GENTLEMEN

There have lately happened two Cases here which I think necessary to lay before you for your consideration and determination thereupon. The One is my having confin'd a Guzzarat Merchant on a complaint from the Country. The other an Arrest out of the Mayors Court served on the person of a Polligar, an Inhabitant indeed of ours but at the time of serving the said Arrest being in the Moors territories. As the former of these may possibly be represented as a breach of the Rules prescribed by the Royal Charter, and my interposing in the other as an Infringement of the Rights of the Mayor's Court, I shall give you an account of the several Circumstances attending each of them and you will come to such a determination upon them as you shall judge reasonable.

The first of these Cases is as follows.

Sometime in January last notice was brought me that one Moal Chund a Guzzerat Merchant of this place was missing and gone off, as it was said, upwards of thirty thousand Pagodas in debt to the Arcot Shroffs and several others. Among many particulars which were told me at that time relating to his disappearing it was said that the night before Amboidoss one of his Creditors had been at his house carried many things away, several blows were given and Moal Chund was heard to groan this last Circumstance relating a Suspicion of foul play I order'd strict Enquiry to be made after Moal Chund till being assured by some persons of good Credit that he was alive and well but retired out of the Bounds I did not think myself obliged to take any notice of what had passed without some regular Complaint should be made me knowing it was an usual and common way of proceeding among these country people. But

The Affair of Moal Chund, a Guzzerat.

the 2d. of February I received a Letter from Moal Chund complaining of the Usage he had receiv'd from Amboidoss which by this means I was obliged to take notice of, however considering how tender the credit of the shroffs is I would not send for Amboidoss to the Fort, but ordered the Poligar to send to his house to tell him the nature of his Complaint and that he must name securities for his continuing in the bounds after which I told the Messenger that brought the Letter I would take care Amboidoss should be forthcoming, but for the Letter of Licence Moal Chund must himself settle that with his Creditors. I heard nothing further of Moal Chund or his Affairs till some time after I saw him in discourse with several other Merchants in the Fort and enquiring how long he had been in the Bounds was answered That he came in two days after his Letter by consent of his Creditors who had all of them settled their accounts with him and agreed upon the time for their being paid, and indeed I concluded it had been so having often seen him since in Company with Amboidoss and Shankara Parreek's Gomastas. But six days ago I receivd a Letter from Emaum Sahib by a Horseman who at the same time brought another to Hodjee Addy. So soon as the Horseman had deliver'd me the Letter I gave him the customary Answer that I would get it translated expecting upon that he would have withdrawn but he told me he was acquainted with the purport of the Letter which related to a demand his Master had upon Moal Chund arising from a sum of Money lent him by the hands of Suncara Parreek's Gomastas (who came with him) and as his Message and the Letter he brought, could not be long a secret he hoped I would order Mual Chund into Custody, lest he should withdraw himself out of the Bounds and make his Escape out of the Province. Upon this I asked Shankara Parreek's Gomastas if they had made any application to me or elsewhere and been denied all that was necessary for their Security that they should give Emaum Sahib the trouble of writing me a Letter. I asked them the Question in such a manner that I found by their Answer they understood what I meant by it. They told me they had no intention to give Emaum Sahib or me the trouble of that Letter and had only wrote to Shankara Parreek the state of the Case and desired his Directions whether they should apply to me, but he had given them no other answer than that they should not concern themselves further about it till they heard from him again and that they were ignorant of the moneys being Emaum Sahib's or of any Intention to apply to him.

Then the Several Letters being read the President went on in Substance as follows.

The Case being new and of which there was no precedent since the coming out of the Charter I began to be in doubt whether I had authority to commit Mual Chund to Custody, but considering the Exigency of the Affair, and that by too fearfull an Attachment to the forms of the Law, the Peace of the place and the Company's Affairs might be brought into danger ; I did no longer hesitate only out of Compassion to Mual Chund who had made so considerable a figure among the Merchants I asked Emaum Sahib's Messenger and the Gomastas of Shankara Pareek if they would be contented with his being in the Custody of the Polligar, to which they consenting I sent an officer with them to his house, where they found him at home and from thence they carried him to the Poligar.

By the antient Rules of the place no Inhabitant is to have any dealings or Correspondence with the Country Government without special Licence, nor are they to make any application to the Governing Moors in any matter or dispute arising in the bounds. But Mual Chund might in this Case have pleaded that he dealt with Shankara Pareek's Gomastas as Merchants Inhabitants living under our protection, and as such under no obligation to enquire whose money they traded with and Shankara Pareek's Gomastas might urge that it was well known when they came down here whose agents they were and that it could not be wondered at if they corresponded with and were subject to the orders of their principals, and that if it was a breach of our Laws they ought to have been told so when they came down and not suffered to settle in the Town. But the Alteration in the Circumstances of the place has made a dispensation in some sort necessary, for if we were to keep up to the strictness of the old Rules we should drive almost all the money'd Men out of the place,

—— FORT ST. GEORGE, APRIL 1736 ——

what the Consequence of that would be may be easily guess'd, as money is as much the Sinews of Trade as of War and I suppose it is very well known now that almost all the Trade of the place is circulated by means of the Arcot money and the Credit our Inhabitants have with the Shroffs, and besides that their money is the chief Support of the trade of the place, there is another principal advantage we receive by it, that I suppose will be easily guessed at without naming it.

This being the State of the Case it remains to be considered what method we ought to follow not only upon the present occasion but all others that are attended with the like Circumstances. It has been a point much debated of late whether any person since the coming out of the Charter can be taken up for debt except by Warrant issuing out of the Mayor's Court. But, besides that it often happens that by the Forms of the Court it may be some days before a Warrant can be taken out, we are not certain that the Moors would submit to follow a process there, but if they should consent thereto, yet many thing might occurr which would give us infinite uneasiness, for though at present I think we are upon so good terms with the Mayor's Court that I am willing to hope they would make all possible dispatch in bringing such a Suit to an Issue, yet we cannot be always sure of such a disposition and if it should ever happen that the Majority of that Court should be composed of persons of a malignant disposition towards the Interest of the Company or actuated by prejudices against the Companys Agents, it is very easy to foresee the trouble and confusion not only the Company's Affairs but the whole place might be involved in. I suppose it is well known how much it is in the breast of the Court to prolong the time before any Suit is finished and a message from the Board if the Court are not rightly disposed would rather occasion a greater delay than quicken their proceedings.

But to consider it a little further if we should admit what (by the way) we have very little reason to do namely that the Moors should have patience to wait the Progress of any of their Actions through our Courts, yet should it be put into the Heads of the defendants that they might appeal to England, I beleive it is very easy to conceive what effect it would have upon the Moors and how they would receive any notice that in such Case must be given them that they must follow the Appeal to England; I beleive there can be no doubt but they would think they had shewn sufficient Complaisance in demanding Justice of the Company's Agents and that being refused them they would immediately make a peremptory demand of the debtor to be delivered up to them, and as they always deliver up our debtors I see not with what Equity we could refuse to deliver up theirs, and there would be much to justifie any measures which they should resolve on to oblige us to it.

The other Affair I mentioned to you is this.

The Affair of the Poligar of Catawauck.

Some days ago the Mayor came with a complaint to me that one of the Court Serjeants going with a Warrant to arrest an Inhabitant of Cattawauk a number of the other Inhabitants together with some peons belonging to the Moors had beat the Serjeant and rescued the prisoner. Whilst I was considering what orders to give upon the occasion, the Court Serjeant came in to confirm M^r. Mayor's account of the Matter only with this difference which indeed was a very material one that he had arrested the Man in Trivitash a Village not two Miles from the Fort but out of the Company's bounds, upon which I told both the Mayor and Serjeant that though the Charter did say the Jurisdiction of the Court should extend ten Miles yet I supposed it was to be understood and provided that the Company's Bounds had the same Extent; but however that might be I was sure the Moors would not suffer the Mayor's warrants to pass in their Territories and therefore they would do well to confine their Jurisdiction within that of the Company's. Whilst the Mayor was yet with me a Messenger came in from the Hovildar of Pullamulee complaining that whilst he was at Trivitash settling some matters with the Poligar of some of their Towns; a White man came there, used the Poligar very ill, by giving him several Blows and seemed determined upon worse treatment if he had not interposed to prevent it, and desired that I would give orders that such things might not be done again, I dismissed the Messenger with an answer that I would enquire into it.

——*FORT ST. GEORGE, APRIL 1736*——

About six the next morning the Poligar came to me. The account he gave of himself was That he and his Ancestors had for many generations been Poligars of twenty five Villages under the Moors, three of which namely Cattawauk, Sautangot and Ernore were about twenty years ago granted by the Mogul to the Company, That these being the farthest Villages from us and separated from all the rest of our bounds he had very rarely come to Madrass and was quite ignorant of our Laws and Customs and this trouble that was now brought upon him was at the Instigation of the persons who rented those Villages of the Company, with whom, he had some difference and who being better acquainted with the methods of proceeding among us, had taken this way to distress and insult him. The Poligar added that when the Serjeant came to him he was busy with the Hovildar of the Pullamulee Country examining into a Robbery that had happened in one of their Villages that he told the Serjeant he would go with him when he had done, but the Serjeant laid hold of him to carry him away immediately and gave him several Blows with a Cane, the marks of which were very visible when I saw him, and that the Serjeant would have suffered more from the Moors for his attempt to carry him away if he himself had not interposed. The Poligar then delivered me a petition containing some Complaints of the hardships he had suffered from the Company's Renters, who, I suppose, having some Intelligence of it (for it seem'd to have been wrote some days before) were the more earnest to have him arrested to prevent his delivering of it. I shall say nothing here of the Action commenced against him in the Mayor's Court, because it is possible it may come before us in another manner. Neither indeed do I recollect much of the petition having a few hours after delivered it to the Mayor to whom I took notice at the same time that I thought the Arrest was irregular and contrary to the constant Rule and practice of the place, which exempted all the Poligars from any Arrest establish'd upon very good consideration and to avoid the Consequences which might attend their being taken into Custody, besides that the Case of this man was differently circumstanced being Poligar but of three of our Villages and of twenty two belonging to the Moors who would probably claim him out of an opinion that they had a greater right in him. But otherwise the thing in dispute being only a title to a small piece of ground of no greater value than twenty or twenty five Pagodas had it been any body else the necessity of an arrest did not seem to be very urgent and the directions with the Charter were plainly against it. The Poligar appearing in Court some days after to defend his Title, the Court began to examine him touching what happened at Trivitash, an Enquiry certainly that was very improper, because the Arrest being out of the Company's bounds, it is not in our power to support them in it. Before the Court rose they committed him to prison where he remain'd till about six in the Evening when he was discharged after paying forty six fanams and then he came to me and complained of it as a matter that was a Shame and Disgrace to him and the more so as being done in the sight of his people. The Mayor being with me again the next morning I asked him how it could be that the Court had treated the Poligar in the manner they had done after all that I had said to him myself. The Mayor replied that when the Poligar appeared in Court they did design to have decided the dispute between him and the plaintiff that very day but some difficulties arising that could not then be cleared up and being twelve at noon some of the Aldermen cried out Let him give Bail and answer and adjourning immediately upon it, he believ'd the Marshal might have taken him into Custody, but did not know that he was imprisoned till the Evening when a person came from him to be his Bail. To avoid all further dispute I was willing to take M^r. Mayor's account of the matter, but told him that when the Council met I beleived they would take it into consideration and think themselves obliged to make some order upon it to prevent the Consequences which might follow if it should be drawn into Precedent.

The measures taken by the President in Mual Chund's affair approved.

The Board having seriously considered these two Cases approved the taking of Mual Chund into Custody and desired the purport of what the President had said upon the occasion might be enter'd upon Consultation as our reasons for the same that the Company may judge thereof and that they be desired in our next general Letter to give us directions in all Cases of the like nature which may happen in future.

——*FORT ST. GEORGE, APRIL 1736*——

As to the other Affair, The ill Consequences which may ensue from the breach of the old Rules of the place establish'd for many and very good reasons induced the Board to come to the following resolutions thereupon.

Resolutions of the Board on the Affair of the Poligar of Catawauck.

ORDER'D That no Sheriff do serve any Warrant of Arrest or Execution upon the person of the Poligar of Madrass or any of the Poligars of the Villages nor upon their dwelling Houses where they keep their Prisoners nor upon any of the Duties due and payable to them for the Guard and safety of the Town & Villages.

No warrant to be served on any of the Poligars.

ORDER'D also That the Sheriff do repay to the Poligar of Catawauk the Sum of forty six fanams taken from the said Poligar by the Sheriff's officers for prison ffees.

Sheriff to repay the ffees taken by his officers from the Poligar of Catawauk.

The last parcel of Cloth receiv'd from Fort S^{t}. David by the Ramah having been examined yesterday the Board made the following remarks thereon which it is AGREED to write thither and to tell them at the same time that we will on no pretext whatever consent to receive any more Sallem Long Cloth below N°. 3.

Remarks on the cloth from Fort S^{t}. David.

That the Major part of this parcel of Cloth is sorted to N°. 3 & 4 though only a N°. 2 was agreed to by Contract.

That the indulging the Merchants in a N°. 4 has encouraged them to bring in great quantities of the lower Sorts.

That we were made to beleive the quantity of N°. 4 was not above 45 Bales though it now appears to be upwards of 160.

That the like has been practised with regard to Andiapa's Cloth there being in the last parcel only one Bale N°. 1 and eight Bales of N°. 2 whereas there are twenty eight of N°. 3 and twenty five Bales of N°. 4.

FROM MOOL CHUND FEBRUARY THE 2^{D}.

For a long time I was an Inhabitant and Merchant of Madrass under your Honour's Protection during the time of my dealings there I borrow'd several Sums of money of other merchants. It happened that I fell very ill and my Creditors demanded of me to shew them some certain Effects answerable to my debts upon which I made with them some agreem^{t}. and Securities when one Amboidoss a Creditor of mine came one night and pulled away the Key of my Chest from me and would not permit my People to come near him; he beat me and with three or four people he brought with him took out the Jewels and every thing that was in the Chest, made them up into a bundle and carried them away with him, together with my signet, as I knew I could not then by his bringing this disgrace upon me satisfy my Creditors I concluded it would be best to make my Escape I now pray Your Honour will therefore send for me and settle me in my habitation in Madrass and assist me in making Amboidoss restore my Effects and prevail with the Merchants from whom I have received money to grant me their Cowle to discharge their several demands in some appointed time when I shall apply myself to Your Honour and acquaint you more particularly of all my Affairs.

——FORT ST. GEORGE, APRIL 1736——

From Emaum Sahib April the 13th.

Some time ago I lent a large sum of money to Shankaraparreek who now informs me that he has delivered that money to Mool Chund on account of Merchandize, who sometime ago out of ill designs left Madrass and afterwards on his return did design a second time to have made his Escape; As Your Honour and myself are as one, what is mine & what is Your Hon^rs. is the same wherefore I desire you to favour me in sending for the said Mool Chund and ordering him to pay what shall appear due to me on settling accounts. Please to inform me often of your Welfare.

The Jenny Snow returns, not being able to get her passage to the Malabar Coast.

The Jenny Snow arriving last night not having been able to make her passage to the Malabar Coast the Master of her was called before the Board and gave the following account of his Passage and the reasons which induced him to return Viz^t.

The Master's accot. of his voyage.

From the 28th. of February (the day we left the land) untill the 5th. March had S. E winds and a northerly Current being then about four degrees off shoar and having light Easterly winds made what hast towards Zeloan if possible before the full moon but it prov'd the 16th. before we saw the Friar's Hood, strong N^Jy. Currents & faint winds for several days the 19th. a Gale at N. E blew for about 24 hours which carried us within 25 Leagues of Point de Gall, the S. W most part of Zeloan, which we endeavour'd to weather but to no purpose; the aforementioned Gale at N. E dying away it set in to blow at W & W. N. W very hard and a contrary Current that by endeavouring to gain anything in shore was to no purpose; nothing remained that could give us any prospect of weathering Zeloan but stretching off while the Winds were to the Northward of the West knowing that Monsoon would soon set in at W. S. W hoping to reap the advantage of the shift of wind as also possibly to have met with a Vein at S. E which has been known at Sea later, the shift from W. N. W to W. S. W was the only thing that happened according to our Expectations (all other helps fail'd us) 5 days after we put off being near the Equinoctial when the wind changed about to the Southward, we had hopes of weathering of Zeloan even with this according to our dead Reckoning we should have been able to have laid it in with the Malabar

——FORT ST. GEORGE, APRIL 1736——

Coast & 45 Leagues to Windward of it, but to our great disappointmt. the Currents (being the only thing we had any occasion to dread) prov'd against us and instead of fetching in with the Coast as imagined, did not gain above 5 Leags. to windward of the place I put off from, so by a just Calculation the Current had set us to the Eastward near 90 Leagues; nothing remained to be done after such a series of Disappointments; we kept beating off and on Zeloan untill our provisions were expended and water grew short and finding no shift of wind on the full moon in April and losing ground daily 5 & 6 Leagues on the 14th. April bore away for Madrass.

Estimate of the charge [of] repairing the Compy's Gardens ordered to be laid before the Board.

The Company's two Gardens formerly let to Mahaudeu and Perseramah having been taken from them on account of their backwardness in paying their rent and relet the 1st. of January this year on promise of putting the said Gardens in good repair, The Paymaster was ORDERED to make an Estimate of what is necessary to be done and the Charge of doing it and to lay the same before the Board next Consultation.

The price of painting the Bengal Cloth agreed on.

The Painters having been several times before the Board to agree on a price for painting the Bengal Cloth, it was this day fixed at twenty eight 28 Pagodas the Corge on condition that they be permitted to tear the Cloth in two pieces because the Length and weight of it makes it very difficult to paint them whole, the wax being in such large pieces very apt to crack and by that means the Blue dye to run into the ground and spoil the Cloth which is more easily prevented in lighter pieces. It was also agreed that there be always three half pieces of one Muster.

Storekeeper, Impo. Wareho. keepr. & Steward deliver in their accots. of things useless & proper to be sold.

Pursuant to order of the 25th. March the Storekeeper, Import Warehousekeeper and Steward deliver in their accounts of what Goods under their care they judge proper to be sold as entered after this Consultation, which being examined the Board ORDERED as follows Viz^{t}.

Orders made thereupon.

That all the particulars in the Storekeeper's account be sold for the most they will fetch.

That the large anchors lying here be sent as Conveyances offer to Bengal.

And the useless and worn out Arms by the first ship to England.

That the Gold belonging to the Gold Horse Furniture be taken off and melted down.

That such of the horse Furniture as can be made serviceable for some time longer be kept and the rest sold at Outcry.

That the House ffurniture worn out be sold and that new Chairs be provided for the Offices, Sea Gate, Sorting Godown &c^{t}. in the room of the old ones now to be sold.

That the several particulars mentioned in the Steward's List as destroyed be wrote off the Books.

That the Druggets and Camblets and the Remnants of Broad Cloth, Velvets and the damaged Emboss'd Cloth and Duroys be sold at Outcry.

That the Looking Glasses in the Fort and Garden House and the Carpets in the Consultation room be passed to the head of House ffurniture.

Resolutions concerning the Porto Novo Cloth.

The Cloth lately received from Andiapa both here and at Fort S^{t}. David proving very ordinary in so much that almost all of it has been sorted to N°. 3 & 4 and of one hundred and sixty seven Bales received at the latter place we turn'd out forty on reviewing it here and his servants not being able or inclined to make any allowance for the same: the President was desired to direct Coja Petrus (by whom we have hitherto dealt with Andiapa) to expostulate with him thereupon and to tell him that the Cloth is now so bad, that from the cheapest it is become the dearest Cloth on the Coast, That we must have a considerable amendment in the Fabrick or else there must be a proportionable abatement in the price, for that we can in no wise answer taking the Cloth he now provides at the present rates.

To the Hoñble Richard Benyon Esqr.

President & Governour of Fort S^{t}. George.

The Petition of Molinga Kistnama Chitty

Humbly Shee wth

That whereas Your Honour was pleased to order and appoint your Petitioner an Investment of Cloth for the Hoñble Company, in obedience to Your Hon^{rs}. Comands your Petitioner officiated and behaved himself in the said Employ with all due diligence using his utmost endeavours towards procuring the Cloth contracted for within the limited time, which your petitioner being encouraged to perform through Your Hon^{rs}. favour and protection But your Petitioner upon perusing and examining the accounts found that it was no ways conducive to his advantage but great difficulties attending it even in the discharge of the money received of the Hoñble Company, Therefore if Your Honour will be pleased to order that the prices of the Cloth may not be accounted on their numbers even as it was in Governour Pitt's time It will thereby enable your Pet^{r}. to serve in the Hoñble Company's service for sometime more.

That if your Hon^{r}. please to comply with the beforementioned request It will render it effectually good and answer the end desired; otherwise Your petitioner most humbly represents that he will lay before you a just and true accompt of the prices of the said Cloth bought of the Weavers with the charges incident thereon to convince Your Honour and humbly prays that Your Honour will be graciously pleased only to allow him 5 ℔ Cent Commission for his care and management of the said business and also for being answerable for all ballances standing out from the Weavers which will enable Your Petitioner to carry on and discharge his trust.

And in reference to the Washers they have been much distress'd labouring under great difficulties for the want of subsistence, by reason their cooly allowance has not been sufficient for their maintenance which consequently occasioned frequent demurrs in the discharge of their business. Whereas if they had a competent allowance it would disengage them from any other Employ, thereby inducing them closely to adhere to their proper calling, And as Your Honour was pleased to appoint 8 measures of Rice to be laid in congeing every 10 pieces of Cloth at 4 Measures from the Washers and 4 from the Merchants, whereof if your Hon^{r}. shall please to favour them by causing the value of the said 4 measures given by the Washers to be paid by the Hoñble Company it would sufficiently answer their desired end for a reasonable maintenance thereby capacitating them punctually to discharge their duty of washing and congeing the Cloths and all possible care would be taken that no torn Cloths should happen so much as of late happened, and all proper care would be used to prevent

——*FORT ST. GEORGE, APRIL 1736*——

embezzlement of the Cloth, Wherefore your petitioner humbly hopes your Hon^r. will be pleased to grant the same for them poor Creatures which will then enable them to allow and assist something more to the Beaters, whose Cooly Allowance at present is also not sufficient for their Livelihood.

Your petitioner further entreats your honour to receive the turn'd out Cloth at the prices affixed in the accompanying List.

The money advanc'd to your Petitioner does not answer the full or before hand Allowance to the Weavers for weaving a large Quantity of Cloth by reason your Pet^rs. money being laid out upon several Weavers Sets as ballances some upon Torn Cloths and some upon the Turn'd out Cloth. Therefore your Petitioner desires an advance of ten thousand Pagodas more for the punctual discharging his duty for the honble Company, even for the money he has been advanced, which he doubts not of Your Honour's favourable Compliance.

And Your Petitioner as in duty bound Shall ever pray &c^t.

To the Honble Richard Benyon Esqr.

President & Governour of Fort S^t. George.

The Petition of the Washers

Humbly Sheweth

Whereas your petitioners having faithfully served the Honble Company in washing their Cloth from the first establishment of this place which they were the better enabled to perform by their having in constant Employ between 4 & 5 hundred able and sufficient persons of their Cast to carry on and discharge the said business effectually, but your Petitioners are sorry to acquaint Your Honour that by means of the constant famines which have happened for these ten or eleven years past their Cooley or allowance from the Honble Company has not been sufficient for their Subsistence after the usual Charges incident thereon were defrayed, which we shall acquaint Your Honour with hereafter, and also that the Rice for some time was so scarce and dear that it could not be procured under ¼ or ½ measure for a Fanam, so through these and the like Exigencies they were entirely disabled to support themselves and families provisions &c^t. being so scarce that induced a great number of their people to desert their habitations and take refuge in other parts where provisions were cheaper many having sold themselves, wives & Children and many likewise embarked themselves on several Vessels to divers places together with a great mortality amongst them which has reduced them to the small number of about 100 Men By whom your Petitioners assure Your Hon^r. it is morally impossible to carry on and discharge their whole duty of washing the Cloth also another difficulty arises which further disables your Petitioners in completing the whole business is that in former times the Long Cloth weigh'd but 10 to 11 lb ℔ p^ce. which was more easy for a man to hold and wash it, especially in such times when they had provisions cheap they were the stronger to perform it whereas of late years the Long Cloth provided has been of between 13 & 14 lb. ℔ P^ce. which in such time of scarcity reduced your petitioners in their strength so much that they found it impossible for a single man to hold a piece of Cloth of that burthen & wash it effectually.

—— *FORT ST. GEORGE, APRIL 1736* ——

HoÑble Sir, Your poor petitioners most humbly crave leave to represent to Your Honr. that the Washers at Fort Sr. David, Porto Novo & Vizagapatam have larger privileges and larger benefits to support themselves out of their allowances by reason of their having rivers of good and fresh water proper for washing of Cloths and their places being near to the woods, whereby they are likewise gainers in purchasing the several Ingredients required in washing, as soap, Chinam, Choud, Goat's dung, Fuel &cr. But as our river being not so good water your Petitioners are obliged to be at the trouble and expence of having water for their purpose drawn out of the wells & that your Petrs. allowance from the honble Company being only but P. 1. 5 for every Corge of Long Cloths washing your petitioners crave leave to set forth the charges incident thereon which they defray as follows.

	Pa.	fa.	Ca.			
Beating	—	3	—			
Coolyhire for carrying Brown Cloth to washing place	—	1	30			
Dº. for carrying it back after it is washed..	—	1	30			
Conicoply's Wages	—	1	—			
Goats dung to rub the brown cloth for washing	—	1	—			
Chinam, soap & Choud	—	8	—			
Fuel for boiling the Cloth three times before it is well washed	—	9	—			
Dº. for boiling Congee rice	—	1	—			
Indigo to prevent the red & brown spots in Congee & Cloth	—	—	40			
				Pas.	— 26	20
For every Corge of Long Cloths washing, Rice allow'd to the Congee is measures 16, whereas the Merchants account ½ thereof on their part & for the other half, 8 measures they receive in your petrs. account the value of it					— 10	40
				Pas.	1 —	60

So there is but fanams 4. 20 to be divided amongst all Your Petitioners for their Livelihood.

The said Ps. 1. 5 was the rate allowed to your Petitioners when there was a garce of paddy sold for 5 or 6 Pagodas or thereabouts but by reason of the severe famines aforementioned together with the desertion and Deaths of so many, your petitioners are reduced to such extreme poverty and to so small a number of hands that they are intirely incapable of maintaining themselves & families & likewise not in a Capacity of discharging their duty of washing the Cloth effectually.

Therefore their present necessity & business requires their sending for a large supply of people out of the Country to their Assistance but then their allowance at present being insufficient for the maintenance of your petitioners only through the reasons aforementioned, therefore your petitioners must consequently be incapable to maintain those whom they design to send for to their Assistance.

Your Honr. will be pleased further to consider that since the Paddy sells at 17 or 18 Mercals ℔r. Pags. through Your Honrs favour to the poor souls in general, Yet the Merchants account for the half share of congeing the Cloths before mentioned at or between 8 & 10 Mercals ℔ Pagoda. Besides that some years ago when Grain was dear Your Petitioners were always favoured by the HoÑble Company through their Warehousekeeper with the free Gift of 2 or 3 Garce of Paddy.

Your Petitioners therefore most humbly entreat Your Honr. will be graciously pleased to take into your most serious Consideration their miserable and distressed condition and only be pleased to forbid the Merchts. from receiving money for the half share of congeing the Cloths that thereby your Petitrs. may receive their full allowance of Pa. 1. 5 for every Corge of Long Cloths without any such deduction by the

——*FORT ST. GEORGE, MAY 1736*——

Merchants which will enable your Petit^rs. to procure more hands and to compleat their business effectually, and it will be but just sufficient to relieve them out of their present Calamities.

Your Hon^rs. poor petit^rs. further crave Leave to represent to your Hon^r. that in the severe famine in Gov^t. Pitt's time there was some Cloth destroyed by worms &c^a. and other some stole in the washing town which Your Hon^r. is very sensible of but when the Thieves were found at three or four several times and produced by the poligar they were tryed by the Honble Judges Court, but acquitted from any corporal punishment only were turn'd out of the bounds which was owing to Govr. Pitt's & Your Hon^rs. wonted favour & compassion by taking into consideration the Misery and poverty of their condition occasioned by the then present famine your poor petitioners humbly acquaint your Honour that payment is demanded of them for 260 Cloths that was destroyed and stole in Govr. Pitts time abovementioned.

Whereas all persons are in duty bound to be for ever thankfull in regard of your Hon^rs. goodness & Compassion in restoring Grain to so cheap a rate as at present it is But more especially your poor petitioners acknowledge it with a gratefull remembrance your Hon^rs. goodness in granting them grain in the last famine and releasing a person of theirs designed for the West Coast.

Your Hon^rs. poor petitioners (whose conditions are so miserable by the forementioned reasons and the reduction of their number) most earnestly beseech your Hon^r. will be graciously pleased to excuse your petitioners from the abovementioned demand of payment for the 260 Cloths that was destroy'd or stole in M^r. Pitt's Governm^t.

Your petitioners most humbly repeat their earnest request that Your Hon^r. will be graciously pleased to forbid the Merchants from receiving the half share of congeing the Cloths, and also in excusing the demand for the 260 Cloths, and in acknowledgement of which favours

Your Petitioners as in duty bound shall ever pray for Your Honour's good health prosperity and Long Life.

RICHARD BENYON ESQ^R. GOV^R. PRESIDENT. — THURSDAY THE 6TH.

RANDALL FOWKE. AUGUSTUS BURTON.

NICOLAS MORSE. FRANCIS ROUS.

WILLIAM MONSON. GEORGE TORRIANO.

Last Consultation read and signed.

The President reads the Cash account for last month ballance remaining one hundred eighty nine thousand three hundred and five Pagodas five fanams and sixty six Cash 189305. 5. 66 which is carried to next account. — Cash account read.

——*FORT ST. GEORGE, MAY 1736*——

Money advd. the Paymaster.

ORDERED that two thousand five hundred 2500 Pagodas be advanc'd the Paymaster for the expences of the running month.

Molinga Kistna makes other offers for providing cloth & delivers in a List.

Molinga Kistna attending offers a List of Cloth to the Board which he will provide by the 15th. Decemr. next at the prices of last year (excepting for the Moorees for shirts which he cannot furnish under Sixty 60 Pagodas) on condition the advance to him be twenty five thousand instead of fifteen thousand Pagodas which List is entered after this Consultation, and he was ORDERED to withdraw.

Tomby Chitty's people deferr their proposals.

Tomby Chitty's people being called in excused themselves from making any proposals this Consultation on account of his Illness, but requested an additional advance in case they came to any agreement which was absolutely refused them, And

Molinga Kistna's offers accepted.

Molinga Kistna's proposals being debated It was AGREED to accept of them for the following reasons.

The reasons for accepting them.

That we have but small hopes given us from Ingeram. and from Vizagapatam we are only told they hope for a greater quantity than they had the last year, which was not much.

That the Cloth lately received from Andiapa has proved very ordinary and he is unwilling to provide any longer if we reject it, which we must do if it continues like what lately sent us.

That the Fort St. David Merchants will provide only one thousand Bales and insist on advanc'd prices for them.

That the man is secure and that by. an Experience of many years both in the Company's and our own Affairs we have learn'd that no goods can be provided without advances of money.

Debates thereupon.

To this it was objected that the Company was very unwilling to have large advances in the Merchants hands lest sometime or other a loss should happen therefrom whereupon the General Books for many years were called for and the following differences between the former times and these were remarked.

First That the Merchants when they contracted for the Broad Cloth had it delivered them immediately to the amount of Sixty or seventy thousand Pagodas for which they gave no security and the money arising from the daily sale thereof was by them employed in the Company's Investment which enabled them to go on vigorously since they had such large Sums in their hands without paying any Interest for it. But now they are obliged to bring the money before they can take a piece of Cloth, out of the Warehouse whereby they are deprived of the benefit of all that money.

That the depriving them of this advantage is not all the injury they suffer by the keeping the Cloth in our hands, but their Credit (which formerly when the Company trusted them thus largely was so good that they could not only find money for the Investment, but even were able to raise any sums in Town and lend the same to the Company) is now so sunk by the distrust the Company shew of them that no body will lend them any money and it therefore lies solely on the Company to do it.

That the large penalties inflicted on them in the year 1725 has compleated the loss of their credit in the town since no body dares to lend them any money lest another accident of the same kind should disable them to pay what should be so lent.

——*FORT ST. GEORGE, MAY 1736*——

That the advancing money began as soon as the Broad Cloth was locked up instead of being delivered to the Merchants as will appear by the Contracts reference being thereto had, for on stating their accounts in 1724–5 it happen'd they were indebted to the Company in the following Sums Viz^{t}.

From Sunca Rama & Tomby Chitty	15310	3	75
Sunca Rama & Ball Chitty	35304	34	61
Gongaram & Tomby Chitty	10084	35	43
	60700	2	19
Penalty then inflicted	30000	—	—
Amount of the Broad Cloth then del^{d}. them	62170	32	53
Pa^{s}. ..	152870	34	72

While this large Sum continued in their hands they wanted no advances and therefore in the Contract made in March following Viz^{t}. 1725–6 it was agreed they should be advanced no money till the debt was cleared and then it was the Broad Cloth was first kept from them, but in eleven months after, it appeared that they were so much incapacited by the said locking up the Broad Cloth that in the Contract made February 1726–7 they are advanced 20000 Pagodas.

The Owners of the Jenny Snow praying payment of the frieght for the Expedition to the Malabar Coast It was ORDERED to pay them five hundred 500 Pagodas for the same being for three months and ten days at one hundred and fifty 150 Pagodas ℔ month.

Freight paid the owners of the Jenny Snow for the Expedition to the Malabar Coast.

At the same time a Muster for the strip'd Ginghams was produced but the Board not approving thereof Ordered others to be provided.

An answer to the Fort S[t]. David letter about their contract agreed on.

Tomby Chitty's people ask an advance of 10000 pag[s]. which being rejected, they desire that sum may be lent them on their turn'd out Middling Cloth & promise a list.

Then Tomby Chitty and his partners being sent for the others attended and offered as last Consultation to make a Contract on condition they might be advanced a further sum of ten thousand 10000 Pagodas which being again absolutely refused they pressed earnestly that we would take a quantity of turned out Middling at an abatement amounting to about ten thousand Pagodas in which case that money being paid them they said would enable them to go on in a new Investment with vigour, but being likewise refused this request they at last pray'd we would lend them ten thousand pagodas on security of that Cloth which being consented to they promised a List against next Consultation.

Another person offers to provide cloth.

The President then informed the Board that another person had made him some offers towards a Contract on condition of an advance of five thousand Pagodas but that the matter as yet rested only in general offers.

Coja Petrus having wrote to Andiapa at Porto Novo agreable to the Instructions which the President was desired the 30th. Ultimo to give him produced to the Board a Letter from him, which is read and entered after this Consultation. Letter from Andiapa in answer to the resolutions of the Board concerning the Porto Novo Cloth.

By this Letter the Board finding no probability of an amendment or abatement and being sensible that if we go on in receiving such Cloth at the present Rates our other Merchants will certainly insist on being as much indulged and thereby the whole Fabrick of the Cloth debased and spoil'd or the Company disappointed in their Quantity since it is not to be supposed the other Merchants either can or will provide Goods at a dearer rate than He without a consideration for it for which reasons the Board AGREED to make up accounts with Andiapa and to have nothing further to do with him unless he will come down to more reasonable terms. On considering which the Board agree to make up accounts with Andiapa & to have nothing more to do with him.

—— *FORT ST. GEORGE, MAY 1736* ——

From Tondavaroy, Suramoortee and Pandaram, Sons of Andiapa at Porto Novo To Coja Petrus. Receiv'd the 21st. May.

We receiv'd your Letter by the Tappies and observed the Contents ; You therein write us that your Intent for employing us in the Company's business is for our own credit and honour and not any advantage to yourself, that others have thought good to be at some Expence to gain the credit of doing the Company's business & what Expence you require to know that ever we have been at for it, that if the Company's money is delivered out any body will provide Goods for it, it's very true that we do esteem the Company's Trade only as a credit to our Names and know that it is no ways profitable to you. We to give you pleasure send our money into the country among the Weavers and provide Cloth rather better than other Merchants and when it comes in we sort it once over at Punnaretty and turn out what we think fit and deliver the good at Cuddalore according to your direction afterwards you wrote us to let it be sorted by the white men there which we also have done and they have sorted it also and taken what they liked and turned out the bad, and though we have taken this trouble sorted it ourselves & turned out what was bad, had it sorted at Cuddalore and turn'd out the bad, and advanced our money among the Weavers, yet when it arriv'd at Madrass it was not esteemed good but thin & bad upon their looking it over Such is our fortune ! We from the first of this Affair lived here as your people and have done our business with the greatest truth and according to your direction, We have to the utmost of our power behaved in your Affairs so as to please you, but in such a manner as before we have never practiced nor will not do it nor know not how to go about it ; It is well known through the whole Country that we are your people and have got that name but the Company's business has occasioned large ballances to be standing out upon the Weavers and we are also very great sufferers by the turn'd out Cloth not being disposed of, since it's so let it be, but when we design to please you by doing our business well we are told the Cloth is not good but thin and find your mind dissatisfied, if we gain or lose it's the same as to yourself for we look upon you as our Parent. We beleive during the 1000 years of your Life you will not deny any thing to us which is our constant prayers to God and it's well known to all the Country we are not mistaken in this the Company's Trade is extensive as the sea and that they will not want any thing, if they do but advance their money, there is people enough ready to provide goods for them and it's not to be thought that if we don't provide for them that they will want or their business be delayed, all the goods that we provide them if they but think they want it would be provided in three days time ; by our being so much concerned with a large place our business on all sides is lessened and occasions our writing so much to you though all these matters are not unknown to you. Keep all this in your mind and consider some way without angering the Company, that for this year the business may be left off, when we will sell off our turn'd out Cloth and collect in the several Ballances standing out and make up all accounts, we leave this affair entirely to you and desire you will please to command us in any thing else.

On the uncertainty of there being pepper on the West Coast for the Duke of Lorrain and Compton, It is recommended to the Bay to send 100 tons of Bale Goods thither on the Compton.

The board at the same time considering that a price currant of China goods here might be of use to the Supra Cargoes of the Normanton should they be oblig'd to send her this Way, AGREED upon one (as enter'd hereafter) to be inclos'd in a Letter to the Supra Cargoes at Canton desiring them to forward it to those at Limpo.

Letter of this Date from Captain Hale of the Grantham read, acquainting us that he intends to sail the Latter end of next Week and that he Cannot take in above thirty Tons of Redwood which the Export Warehousekeeper is ORDERED to send on Board.

Capt. Hale acquaints the Board he cannot take in above 30 tons Redwood.

The Export Warehousekeeper produces his Indent for packing Stuff &ca. for the Ensuing year which being Examin'd & approv'd by the Board is ORDER'D to be inclos'd in our next Letter to Bengall & to be Entered after the said Letter.

Indent for packing stuff &ct. to Bengal agreed on.

The President then reminded the Board of the several Letters he had receiv'd the Begining of the Year from the Phousdar of Madapollam inviting him to send some of our Nation to reside again in those parts & promising his protection and Assistance in Carrying on the Company's business the Consideration of which was Deferr'd till the Arrival of the Europe Ships & it appearing that our Honble Masters have not so entirely approv'd of our Withdrawing Madapollam factory as to forbid its being settled again if we should think proper, The state of our Northern Investments for so far as such settlement might affect them was debated & the sentiments of the board were as follows.

Debates about reestablishing y^e. Residency of Maddepollam.

——*FORT ST. GEORGE, JULY 1736*——

That if there were Merchants at Vizagapatam of Wealth & Credit & upon whose probity & Circumstances we cou'd have an Entire dependance there can be no doubt we might have a very Considerable share of all the Cloth made between Gangam and Narsipore without being at the Charge of so many Settlements, but we have too much reason to beleive that the slow progress of our business there is owing in a great measure to the Want of Persons in whom to place a proper Confidence.

Except Gunnapundee Ragganaiculu the Renter of Bimilipatam whose Engagements for the Dutch & with the Country Government takes off his attention from us, the other Merchants at Vizagapatam are persons of such Narrow Circumstances that Mr. Saunderson is oblig'd to observe great Caution in trusting them with any advances of Money & those with whom the Residents of Ingeram & Madapollam are oblidg'd to do their Business are not so properly Merchants as the Heads of the Weavers & as these Inhabit very different & distant parts of the Country, We are of Opinion that a Resident at Madapollam might engage with many of them who by reason of their Distance the Resident of Ingeram Cannot with safety and Convenience have any Dealings with, & w^e know by Experience that our Investment at Ingeram has not encreas'd since we Left Madapollam.

Agreed to send Mr. Edward Fowke & Mr. Warren from Ingeram to assist him.

For these reasons the Board concluded that endeavouring to make an Investment at Madapollam would be no prejudice to those at Vizagapatam & Ingeram & thô the Charges of the Residency freight & other Disbursments added to the Cost of the Cloth will make it Come out Dearer than ours, yet considering our present Difficulties in this part of the Country Prevents our making so considerable an Investment as the Company Wish, It was unanimously AGREED to send Mr. Edward Fowke as Resident to Madapollam to make an Investment in those parts, & that Mr. Warren who resided some time at Madapollam with Mr. Graham be sent from Ingeram to assist Mr. Fowke.

Last Consultation read & sign'd.

Letter from the Supra-Cargoes of the Britannia.

Letter N°. 61 read from M^r. Goodwin & Captain Frognall at Mocha dated 20th. June advising the progress they had made in providing Coffee for the Brittania, & that they shou'd be under a Necessity of deviating from their Instructions in Consigning that Ship to Bombay, but Leaving us uncertain whether she will Come hither or not to fill up.

Considerations ant. sending advice to Bengal of the Tonnage we shall provide for. Saltpetre indented for to Bengal.

It being of great use to the Gentlemen of Bengall that they shou'd know as soon as possible the Quantity of Tonnage we Can provide for, it was Taken into Consideration what to Write them under our present Uncertain Circumstances, & it was at Length AGREED to tell them that if the Brittania does not Come to fill up here, We hope to give the Prince William her Tonnage from hence by the Latter end of September & to have Eighteen hundred or two thousand Bales more for such ships as they may send us up here in Decemb^r. but Considering what Little dependance there is upon the Contracts & promises of our Merchants & the Consequence to the Company in case of a disappointment it was AGREED to Indent for such a quantity of Salt Petre over & above what may be Wanted to Kintlage the Next years September Ship & for Garrison Uses, that may be sufficient to Compleat the Tonnage of the Last ship in January if our Merchants shou'd fall short four or five hundred Bales in the quantity of which they now give us hopes.

Orders affixed at the Seagate about foreign ships.

Our Honble Masters having upon many Occasions & divers times given their Commands to this Presidency to prevent as much as possible all assistance to our Rivals in Trade either by Lending them Money or otherwise & having repeated the same more fully & Particularly in their Letter dated the 23^d. January last, it was AGREED to give Notice thereof by Affixing it at the Sea Gate & that such Notice be in the Words & form following.

No person to be concern'd in or lend money on vessels not belonging to the English ports.

ORDERED by the President & Council in Conformity to the Directions receiv'd from the Honble Company, that from & after the Date of this Notice, any Person or persons Inhabitants of Madrass Natives or others, who shall presume to be Concern'd Directly or Indirectly in any Stock or Loan at Respondentia on any Foreign ship not belonging to this Port or some other of the English settlements, shall be fin'd according to the Value of their Concerns & forfeit the Company's protection, And any Person, or Persons who shall be guilty of procuring or solliciting any such concern in Stock or Loan at Respondentia on any such foreign Ship or Ships shall forfeit the Companys Protection and be expelled the Bounds.

——*FORT ST. GEORGE, JULY 1736*——

No persons to freight goods on any vessels not belonging to the English.

Any Person or Persons Inhabitants of Madrass, Natives or others, who shall directly or Indirectly freight any goods or Merchandize on any foreign Ship not belonging to this Port, or some other of y^e^. English settlements without Special License first had & Obtain'd shall be fined according to the Value of such goods & Merchandize freighted on any such foreign Ships, and shall forfeit the Companys Protection.

Persons procuring or soliciting such freight to be expell'd the bounds.

Any Person or Persons who shall procure or sollicit any goods or Merchandize to be freighted on any such foreign Ships shall forfeit the Companys Protection & be expelled the bounds.

All ships belonging to this touching at any other than the English ports on this Coast to pay Custom here.

Ordered also that no Ship or Ships belonging to any of the Inhabitants of this place whether Natives or others, shall import at any Port or place on this Coast not being an English Settlement except in Case of Necessity, when, & in that Case also they shall be Liable to pay the Custom to the Company the same as if they had Imported here notwithstanding.

All British subjects forbid by his Maj^ty^. Proclamation to come to India in foreign service or to reside there without the Company's Leave.

All Persons Subjects to his Brittanick Majesty are to have due regard to his Majestys Royal proclamation prohibiting all his Subjects trading within the Company's Limits in foreign Service, or Under foreign Commissions or being any way Concern'd in foreign Companys, & Likewise forbidding them to Visit, haunt or frequent the East Indies Without the said Companys License.

The Intent of the foregoing Orders explained.

The board thought proper to publish this Notice in such general terms to avoid giving any particular offence, which might have affected the Friendship & Harmony that is subsisting at present with the Country Government & the French, it being Chiefly design'd to prevent all aid & assistance to the trade of Pondicherry & the Moors Ports to y^e^. Southward of us as what affects the Trade of this Place most sensibly & that are our most dangerous Rivals.

And therefore we think fit to enter it here as a Rule to our selves in Case of an Information being Lodg'd against any of the Inhabitants, that as they have been used to have Considerable dealings as, to, & from other places on the Coast & elsewhere & to be Concern'd in Loans at Interest and Respondentia & Affreightments of goods at to & from such places, a Prohibition thereof wou'd be rather prejudicial than of any advantage to this place, it is not our intention to alter or abridge them of any such Liberty, nor shall such Information have any effect against them, till the Contrary shall be publickly Notified, in Case it shou'd hereafter appear that such Loans or affreightments are prejudicial to the publick & general Interest of the Place.

Further as it is almost impossible to Provide for all accidents and Exigencies which may frequently happen in a Course of general Trade, It is hop'd those who may succeed to the Execution of these orders will in Case of any Breach of them, Consider the Circumstances attend^s^. the same, whether it was Involuntary & without design & whether it was unavoidable without great Damage and Loss to the party. Upon the whole that they will act with moderation & Consider our Intention is only to put a stop to all open & secret Undertakings which have a Manifest Tendency to the aid and Assistance of our Rivals in prejudice to the Genl. & Common good of the place, For otherwise whilst there is so great Encouragement given at other Ports for the resort of Merchants to them, it is to be apprehended that by too great severity the Consequences will be more fatal than those which our orders are intended to prevent.

Randall Fowke. Augustus Burton.
Nicholas Morse. Francis Rous.
William Monson. George Torriano.

The two Last Consultations read & Signed.

Ingeram books ends. April 1736 arrive. Remarks thereon.

The Accomptant acquaints The board that M^{r}. Graham had sent up to him the Ingeram General books ending April 1736 which he now producing the board after some time spent in examining them made the following remarks thereon.

That the Expences of that Residency have for the two Last years considerably exceeded those in 1732 & 1733.

That on account of the troubles in those parts eight peons extraordinary & a Tandell have been kept in Constant pay & sometimes seven Fishermen, tho' the board have not been advised that those troubles have Continued so Long as that Charge.

That 'though Fishermen & Tandell may be of use to transport the Company's Effects to Vizagapatam on any sudden occassion, yet while the Investment there is so small the board cannot see the Necessity of continuing those eight extraordinary Peons & therefore Agree to order that they be dischag'd as Likewise some of the other thirty the Last Fifteen of which were added only on account of the Investment there increasing.

That fewer than ten packers kept in Constant pay might suffice for y . small Number of Bales provided there.

—— FORT ST. GEORGE, AUGUST 1736 ——

That the twenty four Pagodas charg'd for two years running for entertaining the French being an unprecedented charge be paid back into the Companys Cash there.

That under the head of servants Wages there is a New Charge of a Washerman & Barber introduced without Warrant from hence which must therefore be discontinued.

That goods for packing & sale are Charged Very extravagantly particularly Cotton @ 32. 20. ℔ Candy & other articles in proportion.

That besides a small increase in the Charge of the annual Custom of Madapollam River there is this year Crept in a New Charge of 6. 12 to the Southern river men over and above the annual allowance of Pag^{s}. 10. 24. to the River men & Juncanneers of Ingeram River which wants Explanation. And that M^{r}. Graham be cautioned against falling under any new Impositions from the Juncanneers which once submitted to are ever after insisted on as Sallabad.

That the account presents run very high in the Year & that most of the Charges extraordinary ought to Come under the same head, both together we think too great a Burthen upon that Investment & if M^{r}. Graham is under a Necessity of giving as often as the Moores, Country Rajahs & their officers shall please to demand presents, We must resolve to desist from all business there on such unreasonable terms.

That the Madapollam Stock is brought into the Ingeram books in such a manner that it is impossible for the board to know the true state of it, & therefore AGREED that Directions be given to M^{r}. Graham to explain it more fully by opening heads for the several persons & Accounts indebted the sum of Pagodas 4490. 18. on the Ballance of the Madapollam Books giving the Merchants Credit for the cloth brought in by them, that so the board may see the just Ballances & from whom they are due.

That there appears an Increase of Wages at the Factories of Mazliapatam & Madapollam to be regulated on M^{r}. Fowkes going thither.

AGREED to transmit these remarks to M^{r}. Graham in the next General Letter.

Fort S^{t}. David & Vizagapatam.

The Accomptant reports to the board that on examining the Fort S^{t}. David & Vizagapatam Expences for the Month of June, he finds in those of the former an encrease of Pag^{s}. 31 under the head of charges Repairs for repairing the Horse Stables & garden Wall, that charges General are decreas'd Pag^{s}. 25. 7. 19 & charges extraordinary Pag^{s}. 8 & that the decrease on the whole is five pagodas nine fanams & twenty two Cash 5. 9. 22.

Vizagapatam Expences reported.

In those of the Latter there appeard an Encrease of Rupees 32 under charges Extraordinary for Vakeels charges going to the Nabob & of Rupees 22 in Charges General on account of Batta, that Materials for building is decreas'd 259 Rupees & that the decrease on the Whole is two hundred & three Rupees three Annaes & a half 203. 3½.

Money adv^{d}. the painters.

The painters requesting an advance of twelve hundred 1200 Pagodas, that sum is now delivered to the Export the Warehousekeeper for that purpose.

That the Chief & Council be directed to find some Means to have the Country Vessels on shore, as well as harbouring them in the River & if there be any grounds fit for that Purpose adjacent to the River they treat with the present Possessors for so much as is Wanted for the purpose who we think ought to be satisfied with a reasonable Consideration, since it is Very probable they have no right but Possession & what perhaps was or ginally an encroachment upon the Company's Property, but, before any absolute agreement be Made, that the Chief & Council advise us the quantity of ground that is Necessary & the price they think reasonable for the same.

Hauling Country Vessels ashore there.

Our Honble Masters having in their remarks on the Northern Cloths been pleas'd to say that tho' the Deficiencys in the Lengths & Breadths bring them into disreputation & prejudice the sale, to remedy which all possible Means shou'd be used, yet they wou'd not have the goods refus'd on that account, by which we suppose they mean Conditionally that a proportionable abatement be Made in the prices. AGREED if it be true that the Dutch, as the Chief and Council tell us in their Letter of 24th. ult^{o}., take in great quantitys of short Cloth, that we permit them Likewise to take in some if their merchants will make such an abatement, tho we are apprehensive that will not answer their Views, they having been Long aiming at getting as great a price for the Short Cloth as for that of full Measure.

N°. 76 from the Chief & Factors at Tellicherry dated 27th. July accompanying Duplicate of their Last to us & a Letter to Bengall which they desire us to forward.

The Redwood in the White Town a cause of it's being so much infested with snakes &c^{t}. Paymaster & Storekeeper to survey a piece of Ground on the Island for keeping the Redwood, Guns &c^{t}. & to report the charge of inclosing it.

Messrs. Rous & Torriano report to the board that on the former's delivering over the Remains in the Storehouse to the Latter they observ'd that many of the Guns, Anchors & Grapnels Lying under the South Wall of the Town are so much decay'd with rust as to become almost useless which they attribute to the Sea air & spray of the surff & are of opinion that such Wastage might in a great Measure be prevented by removing them further from the shore, & frequent Complaints having been made that y^{e}. Town is so much infested with snakes & other pernicious Vermin as to become dangerous & offensive to the Inhabitants which is Chiefly ascrib'd to the Company's redwood Lying in the White Town, It is AGREED that the Paymaster & Storekeeper do survey a peice of ground on the Island formerly sold by the Company for two hundred & sixty pagodas on Lease for fifty one Years & now to be purchas'd for Ninety five Pagodas, & report to the Board if they find it a proper & Convenient place for keeping the Redwood & the Guns, Anchors & Grapnels and what will be the Charge of inclosing it.

The said petition considered. Agreed to take it in at 39½ Pag^{s}. ℔ Corge.

The said petition being taken into Consideration & 'tho we had refused the same request which they made us in Consultation of 10th. May Last yet having now reason to apprehend that we shall not only fall short of the Number of Bales we sent to England last year, but shall also be in Want to give this ship her Tonnage & it being also agreable to the directions receivd from the Company that if any other Number of Callicoes too bad to be taken in under the Denomination of N°. 1 & 2 shou'd be bro^{t}. into our Godowns, & shou'd not answer to the sample agreed on they wou'd not have us refuse but take them in as inferiour Numbers with a proportionable abatement, Tomby Chitty & his partners were Called in & after a great Dispute about the Price, It was at Last fix'd at thirty nine Pagodas & a half 39½ ℔ Co^{e}.

To the Hoñble Rich^d. Benyon Esqr.

President & Govr. &c. Council of Fort S^t. George.

Hoñble Sir & Sirs

Among the Iron ordnance Mounted are three Guns which the Gunner has reported useless for the following reasons.

One of them is an eight & forty pounder which had a peice broke off of the Muzzle in President Harrison's time by the falling of one of the points of the Inner Fort, is Very old & being but single fortified Cannot be depended on in Case of Action & is of no Use for Salutes.

Another of them had a Steel Bit broke in y^e. Touch hole & by the Unskillfulness of the Person who undertook to Clear it is render'd useless he having attempted to burn it out instead of which he has run the Metal so that the Touch hole is filled up.

The other is so Worn in the Touch hole as to Make it dangerous to fire.

There is also a Mortar Cast by the Gunner as being unserviceable. It was formerly sent hither from Fort S^t. David there is a Hole in the Bottom of the Chamber filled up with Lead & it is Consequently unfit for use.

Among the Armory stores are several Worn Out arms as by the Annexed List, which & the Guns & Mortar abovementioned I desire your Honour &c^as. Orders about & am

To Emaum Sahib, May the 10th. 1736.

I receiv'd Your Letter relating to Shankarapawreeks Demand upon Mooval Chund for your Money by the hands of a Trooper, & observed the Contents as soon as I receiv'd it I put Mooval Chund into Custody and strictly Charged him to pay the Money. I am informed that what he has borrowed of Shankarapawreeks & other Merch^{ts}. amounts to 16000 Pagodas & he declares he is possess'd of the Value 10000 Pagodas, the other six is Lost, this Affair being as above related the 10000 Pagodas is to be divided among all his Creditors proportionably to their sev^{l}. Demands & can't be paid only to Shankarapawreek Leaving nothing but bare Words for the rest of his Creditors who will then apply to the Council for redress which will occasion Long arguments & retard the deciding it in any reasonable time, you are very sensible of the Mannor & Customs of the Council & that I Look upon the affairs of your Surcar as my own & will not Deny any thing to perform them. I still give strict Taukeeds to enquire & find out Mooval Chunds effects and if any thing more Can be found that also will be for the dem^{ds}. I have given my answer to your Trooper & dispatch'd him but as he is a Person unacquainted with business if he goes or stays its no great Matter. I look upon your business as my own & shall see & use my endeavours to get your Money Collected, Please at any time to write when I Can do you service & acquaint me often of your Health & Success.

From Emaum Saib, June the 24th. 1736.

I receiv'd your Hon^{rs}. Letter by Sied Ramaum relating to Mooval Chunds affair wherein you say that Mooval Chund has in his possession but 10000 pagodas & that he is indebted 16000 Pagodas & the said 10000 Pagodas must be divided among all his Creditors, my demand upon Moovall Chund accord^{s}. to his bonds under his hand & to the Letters of Shankerapawreeks Gomaster is 15500 Pagodas princip^{l}. I very much Wonder that his Writings & signets are of no Validity & that what he has spoke to your Hon^{r}. with his Mouth only is so strongly believ'd & Wrote to me, I have allways above all things in the World Expected that Your Hon^{r}. wou'd help me in greatest Matters, but Your Hon^{r}. Writes me I must receive my Money as other people do, it was Needfull for your Hon^{r}. to Write me this there is no great Difficulty for me to get the Money from Mooval Chund, I well know where Mooval Chund has Borrowed Money he has return'd his Creditors stones for it & kept their Money to himself which is all now in his Custody althô he is very Easy in his Mind & declares without fear that he has its further mention'd that there is no such thing as punishment, if so, what must not a Man make dem^{d}. if one receives Money from another & Lends it to a third Person, nor do Nothing in the Case? however Your Hon^{r}. will please to receive that ten thousand pagodas from Mooval Chund & keep it in your Surcar and Make demand upon him for the rest, there is no trust^{s}. a Human Body We are all Mortall & if any accidents happen's to Mooval Chund this Money also Will be

—— *FORT ST. GEORGE, SEPTEMBER 1736* ——

Lost, he is Void of Fear & therefore acts in this Manner I have sent now Shake Amood to receive that 10000 Pagodas & deliver it into Your Hon^rs. Surcar. I don't think it needfull to Enlarge this Taukeed but in more particular Manner have Wrote to Hodjee Hoddee who will inform you therewith.

From Emaum Saib to Hodjee Hodee, June 25th.

I have twice Wrote to you relating to the Money due from Moovall Chund to observe the Condition of his Matters & Write me about them I don't find any particular observation in your Letters, but you referr me to the Governours by which you say I shall be informed, You ought not to have done thus for I have allways & at all times whenever any of your Business required my assistance according to your Desire in several great affairs immediately given all the assistance I Cou'd & in such a small affair as this you have not been particular in your Writing to me about it that I might know what resolution to take The Govr. has wrote me that Moovall Chund has 10000 pagodas to pay 16000 which he is indebted & that that 10000 pagodas must be divided among all his Creditors if I am to Receive my Money in proportion with others I had no occasion to have Wrote the Governour about it.

According to Shankarapawreeks Gomast's Writings Moovall Chund is indebted to me 15500 pagodas principal I [*sic*] you Neglect even the 10000 pagodas for Mooval Chund has neither accounts nor Books and is Certainly a Rogue, & should any accident happen to him that 10000 pagodas will be Lost therefore you ought to acquaint the Governour of these affairs in a particular Manner that he may be fully sensible of them, as soon as you receive this Letter see the 10000 pagodas receiv'd & paid into his Hon^rs. Surcar & Write me advice of it. I have sent purpose on this affair Shake Amood not to return to me with Empty News, but stay till that 10000 pagodas is paid into the Gov^rs. Surcar, any delay or Neglect you suffer or practise in this affair will Cause my Displeasure wherefore observe this as a strict Taukeed.

From Emaum Sahib, September the 2^d.

Relating to settling and finishing acco^ts. between Shankarapawreek and Moovall Chund I have a Long time kept my Trooper Shake Amood at Madrass and I Lately understand by Hodjee Hoddes Letter that their account's are settled & finish'd in the presence of certain Merchants, I therefore Write your Hon^r. that you may know what Money belongs to me & now the Cause of Delay is over & the Money due from him is 12572 pagodas which I hope Your Hon^r. out of your friendship to me will please to send along with my Trooper and if the Money can't possibly be sent please to Deliver up Mooval Chund to my Trooper from the friendship between Your Hon^r. & me. I have great Expectations of Favour & depending on that ffriendship either one or other must be done. In this I am desirous of your Goodness and Favour or it's to no purpose my keeping a Trooper there and I hope you will Dispatch him. I have given your Honour the trouble of so often writ^s. having allways kept in View Your Honours ffriendship which in this affair is very Needfull.

From Emaum Saib, to Shake Amood his Troope[r].

Its a Long time since I sent you upon Clearing Shankarapawreeks & Moovall Chunds acc^ts. which affair I have been lately inform'd of by Hojee Hodees Letter that there is no settling those acc^ts. before some Merchants due from him 12572 Pagodas its strange you sent me no advice of these Matters.

I have now wrote the Govr. & Coja Petroes that that Money belongs to me therefore by Hodjee Hodees means go to the Govr. & acquaint him with it, get the Money & bring it here & if the Money Can't be had, if they of their own Will deliver Mooval Chund to you bring him here & if neither of these two things Can be done bring an Answer and Come away yourself but what ever you do there act according to Hodjee Hodees advice.

——FORT ST. GEORGE, SEPTEMBER 1736——

To Emaum Saib, September the 6th.

Some time ago I receiv'd your Letter by Shake Amood relating to the Money due from Moovall Chund wherein you mention that I must receive from him the ten thousand Pagodas which he declared he had in his possession for the Debt due to your Surcar & demand of him the rest, the said Moovall Chund has Neglected producing his accounts & therefore it has taken up so Long to settle them but now what he has hithertoo Neglected is over & the account settled his not acting rightly in the settling his accounts was the occasion the Man of your Surcar stayed here, I have lately recd. from you another Letter Wherein you say you understand by Hodjee Hodees Letter that 12572 pagodas belonging to Your Surcar is found to be due from Mooval Chund according to the acoount & that nothing might be Neglected you desire me to receive and send that sum to you or deliver up & send to you Moovall Chund by your Trooper.

I must not acquaint you that the demd. of your Surcar together with the demand of other Persons is proved to be due from Mooval Chund who says that he has not got the aforementioned sum of ten thousand pagodas as ready in his Possession but in a short time he will Collect & pay it & it is not practicable by the English Law to inflict any such punishments as tying up or whipping, neither can we send any Person belonging to our place out of it altho he hath committed Crimes, he must be put into close Confinement, & I have put Moovall Chund in Very close prison & shall use my Utmost Endeavours to get the Money from him and he shall not be Releas'd from his Prison alive unless he pays that Money & you will please to observe that the Business of the Surcar is as my own and the Money of the Surcar also, there is no difference in it, I am very sorry such a Trifling affair as this is not as yet Compleated since you was pleas'd to give yourself the trouble of Writing about it at two particular times.

It is very well known that Mooval Chund through his Vile inclination brings bare Excuses but in a short time when he finds himself under a hard imprisonment he will of himself come to a Better way, for how Long can a Man suffer such Trouble, I have dispatch'd Shake Amood to you who needs not to stay here for all my people are yours & this business shall be performed without your having a Person to stay here & you shall be advised therewith.

To the Hoñble Richd. Benyon Esqr.

President & Govr. &ca. Council of Fort St. George.

Hoñble Sir & Sirs

I receiv'd the Notice you were pleas'd to send me dated 1st. instant that you cannot supply me with the twenty Tons of salt petre over & above my Charter party Kmtlage, I shall however throw out the rest of my Ballast as I beleive I shall have no occasion for it if you send on board me twelve Tons of Lead & Iron more than the twenty eight Tons & 23½ Tons mentioned in yours of the 25th. & I consent to receive the said 12 Tons of Lead or Iron upon the same terms with the rest. TO THE HON^{BLE} RICHARD BENYON ESQ^{R}.

PRESIDENT & GOV^{R}. &C^{A}. COUNCIL OF FORT S^{T}. GEORGE.

HONOURABLE SIR & SIRS

I have receiv'd the stores from the Prince William which turn out according to Invoice all except the Cordage, which is right for the Number of Coils but Weighs ϴ 11. 2. 6 less than the Invoice weight & the double headed shot of which there are only 2 Shot Wanting in N^{o}. [lacuna] but ϴ 15. 3. 26 in Weight which I wait your Orders about. I observe in the Invoice of the Shaftsbury & this ship the quantity's are exactly divided & therefore the Invoice Charges just $\frac{1}{2}$ the weight in each but the deficiency in Weight by the Shaftsbury allowing for what short delivered here was

ϴ qr. lb.
no more than 4. —. 2 Consequently there is a difference in the Weight of the shot.

Our Honble Masters having in their Letter of the 23^d^. January intimated that they Expected a Better price than thirty ℔ C^t^. for the Broad Cloth sent out this year, the Merchants were severall times acquainted therewith when they have occasionally been before us on y^e^. Business of their contracts. And the Board having a Little while before the Dispatch of the Prince William insisted with some earnestness upon an advance of five ℔ Cent more than the former prices, the Merch^ts^. desir'd they might give their reasons in Writing why they hop'd to have it at the usual price But as We were then intent upon the Dispatch of the Prince William the Merchants were told, that after the departure of the Ship, we should have more Leisure to consider of what they had to offer. Accordingly the Merchants attending this Morning, deliver'd us a petition as enter'd after this Consultation, then being asked if they had any thing further to say before they Withdrew, they desired We wou'd Consider besides what they had set forth in their Petition that except in the years 1730 & 1731 they had not for twenty years past given above thirty ℔ C^t^. that the Late Method we have fallen into of Locking up the cloth till they pay for it is an intolerable greivance, & renders the trust we allow them, if it may be called so, of very little use & no Benefit to them because they must either sell at a low price for ready Money, or else borrow the Money at Interest to pay for the Cloth before they can take it out of the Ware^ho^. That besides it was only Late Years had introduced the practise of insisting they shou'd agree for the whole quantity of Cloth at once as it arriv'd, whereas the former Method us'd to be for the Merchants to agree only for two hundred & sometimes three hundred Bales at a time as they heard of any demand in the Country, & then a trust of Eight & sometimes twelve Months was of service as they had y^e^. returns from the country, before the time was Expir'd & whenever it happen'd they could sell a parcell for ready Money or a short Trust they had a further advantage by the use of the Money 'till such Time as they were to pay the Company.

Broad Cloth &c^a^. recd. this year from England offered the Merchants @ 5 ℔ C^t^. advance on the last year's prices.

They by petition give their reasons for expecting it at the last year's prices.

Further reasons urged by them.

— *FORT ST. GEORGE, OCTOBER 1736* —

The purport of the Merchants petition & what they had alledg'd besides, taken into Consider-ation.

The Merchants being Withdrawn the Board took into Consideration the Purport of their petition & what they had alledg'd besides. As to their petition, 'tho perhaps they have Exaggerated the Difficulty's they complain of, yet we are very well Convinc'd of the quantity of cloth which remains in the place undispos'd of, & thô we might get a better Price for the Auroras, yet the other sorts wou'd Lye heavy upon us, most of that which is now in Town being ordinary Reds & Greens. It is also upon looking back found to be true that the Merchants have not given above thirty ℔ Cent for twenty years past, except the two years they Mention, & whether it be owing to our Locking up the cloth 'till they pay for it, or whether they went beyond their judgment of the consumption in the country when they indented for one thousand Bales for two years together (a quantity which was augmented by the indulgence to the Europe Captains) it is certain the price of cloth is considerably fallen of late years & the Merchants have been subjected to Very great Difficulty's. Upon the whole the Board were unanimously of opinion that as the most certain dependance for the sale of Large quantitys must be on our Merchants, upon whom we must rely to take it off our hands when the Market is dull, besides that to insist upon any Extra-ordinary advance which can only be expected on the Auroras, would give them a pretence to insist upon an abatement on the other sorts or to Leave them on our hands; it was therefore AGREED that the Merch^{ts}. be debted for the whole six hundred Bales recd. this year, that is Tomby Chitty and his partners for three hundred Bales & Molunga Kistna and his partners for three hundred Bales in equal proportions at the usual advance of thirty ℔ Cent & the Warehousekeeper is ORDER'D to deliver it to them as they pay for it.

Three hundred Bales to be deliver'd to Tomby Chitty &c^{t}. & The othor 300 to Molinga Kistna &c^{t}. on the usual advance of 30 ℔ Cent.

TO THE HOÑBLE RICH^{D}. BENYON ESQ^{R}.

PRESIDENT & GOV^{R}. &C^{A}. COUNCIL OF FORT S^{T}. GEORGE.

THE HUMBLE PETITION OF TOMBY CHITTY, MUDU VENCATTA CHITTY & TEAGAPA CHITTY.

SHEWETH

That whereas Your Hon^{r}. &c^{a}. was pleas'd to direct that Your Petitioners should receive the Broad cloth that came from England this year at 35 ℔ Cent advance Your Petitioners humbly crave Leave to Lay before Your Hon^{r}. &c^{a}. the Various troubles and Misfortunes that Your Petitioners have met with in the Disposal of the 2000 Bales that Your Petitioners took into their acco^{t}. from the Hoñble Company in these three years past being secured in the Company's Warehouse untill the payment of the Money.

The Long continuance of the Famines, Wars & Disturbances in the Country will not permit the Merchants of the Distant Kingdoms to come as formerly to this place to purchase Broad cloth which with the quantitys imported here by some Captains of the Europe ships sometime ago, has greatly Lower'd the price of those Goods, so much that Your Petitioners was not able to dispose of any or but very Little in the place. But nevertheless your petitioners did endeavour to the Utmost of their capacity to sell althô it was at a Less price than they cou'd well afford to do it and accordingly did sell to Emaum Sahib 500 Bales & three hundred to Boochar Mall (Chickless Cawn's Merchant) when he was Last here, & paid their amount into the Hoñble Company's Cash, But your petitioners were Loaded with a heavy charge and great trouble to get their Money from Boochar Mall.

—— *FORT ST. GEORGE, OCTOBER 1736* ——

Your Petitioners also took 200 Bales more out of the Warehouse and paid the Honble Company their Value. At another time your petitioners sold 450 Bales more to Emaum Sahib at the same price as they did the former 500 Bales & paid the Honble Company the Money for their Value, but they are still remaining in this place & Your petitioners have also receiv'd three hundred Bales more out of the Warehouse which was sold to sundry Merchants & the Value thereof paid to the Honble Company, so there is now remaining in the Company's Godown two hundred & fifty Bales out of the aforementioned 2000.

Thus Your Hon^{r}. &c^{a}. may observe there is a Large quantity of Broad cloth in this place 450 Bales belonging to Emaum Sahib 250 in the Warehouse and about 200 in the possession of sundry Merchants of the place 60 Bales more in Your Petitioners Custody of an old account & 600 Bales that come by this Last shipping in all 1560 Bales & there being as aforesaid no Merchants from the distant Kingdoms to buy it & the army having Marched affar off now almost one Year the price of Broad cloth is very Low.

Your Hon^{r}. &c. will further please to observe that Your Petitioners before their receiving the said 2000 Bales before mention'd had receiv'd from the Honble Company one thousand Bales and paid their Value to the Company, But it was only put up in the Godowns & unsold the price offer'd not being sufficient for the space of almost two years & at last Your Petitioners were oblig'd to send them up to several parts in the Country to dispose of them, when by the Death of our late Nabob Sadatull Caun several Disturbances happening in the Country as also the severe Famine, at that time a great part of Your Petitioners Money was Lost by Outstanding debts.

Your Petitioners most humbly pray Your Hon^{r}. &c^{a}. will be pleas'd to take these abovementioned Circumstances into your Consideration & Hope thereby your petitioners may Obtain the Favour of this Honble Board that they may have the Broad cloth at only thirty ℔ Cent advance according to their List for the same.

And Your Petitioners as in Duty bound Shall ever pray.

The Storekeeper represents to the Board that having drawn out his acco^{t}. for the Month of August in the Method Lately directed by the Hoñble Company he had, on reperusing the same Observ'd, that the Journalizing the Issues of Stores daily would swell the Leidger to a prodigious Bulk & fill it with a Number of Trifling Entry's as on examining the said account would immediatly appear, there being almost as many Articles to be Charged to the Debit of the head of Sale of stores as there are days in the Month, half as many to the credit of the head of Nails & many other heads & some of them for only a few Fanams.

Agreed that the present method be continued till orders from England.

That the Intention of the Hoñble Company in the abovemention'd directions he apprehends to be as follows: To know to whom their stores are sold; what part is expended for their use; what proffit is made on those sold & what is the annual expence of every sort: That all these Intentions will be as fully answer'd by Continuing the Diary Entries as in the aforesaid Month of August & making one Journal parcel of it at the end of the Month and y^{e}. Inconvenience abovemention'd remedied thereby, for Proof of which he now produces the account for the Month of September drawn up in the Method Propos'd which being examin'd is found to be as he represents, & he is ORDER'D to continue the said Method 'till orders from our Hoñble Masters about it.

——*FORT ST. GEORGE, NOVEMBER 1736*——

To the Hoñble Richd. Benyon Esqr.

President & Governour of Fort St. George &Ca. Council.

Hoñble Sir & Sirs

Acceording to your Orders we have Perused the several Papers & accounts from the West Coast & what remark's We have to offer thereon We shall continue to do under the usual Heads.

First Shipping

The George agreable to the Liberty given them was dispatch'd to Manna to bring up the Pepper that Lay there, but by the badness of ye. Bar & after a stay of thirty eight Days, she had no more than 47 Bahar sent aboard with which quantity she return'd to Marlbrough so that her Demurrage greatly exceeded the Earnings & we are of Opinion therefore the Sloops are the most Proper for that Serviee as they may be dispatched thither at the Proper Seasons when the Bar is favourable for the Boats to go over.

They desire your Honour &ca. would Provide & send them a small Sloop of ten Tons with the assistanee of which & the two they propose to have compleated there they are in Hopes of being able to Manage the whole Business & thereby put an end to the Charge of hiring Boats.

Secondly Goods from Europe or Fort St. George.

In Consultation of the 20th. a Report is made by the Accomptant, relating to account remains of Utensils deliver'd by Mr. Rigg to Mr. Savage by which it appears there is a Deficiency of Sundrys amounting to Doll$. 58. —. 21 & an Overplus of others to Doll$. 51. 1. 51 which they have refer'd to your Honours &ca. Determination. We observe they are Chiefly of the sorts deliver'd to the Workmen & Slaves & we suppose may have either been broke, worn out, Lost or Stolen by them. But neither these or any reasons are given by Mr. Rigg for the Deficiency's, which we think ought to have been done, althô he deliver'd in an account of the Overplus pretty near the Value. The directions sent them Last Year if duely put in exeeution will Prevent any thing of this Like in future & we think they Can have but a small Title to any Indulgence, hereafter, the present instanee We hope will be the Last, & being of no great Value may the easier prevail with your Honour &ca. to grant a favourable decision.

Thirdly Investment.

Fourthly Country Government.

Pursuant to the orders sent from hence to enquire into the Defieiency of 13½ Bahar of Pepper at Moco Moco in Mr. Gees time they represent that three Bahar will be a sufficient & Equitable allowance out of the 13½ Bahar for which we think their reasons are very strong & if your Honour &ca. shall so determine his Estate must be answerable to the Company for the remainder 10½ Bahar out of the sum now Lying in their Cash, as a Deposite, 'till the affair eould be decided.

They have also in Conformity to the Directions given them appointed a Committee of Council to examine the Survey's of the Pepper Plantations, & We are glad to observe the Increase of Pepper at Manna & Laye, Saloomah, & Koonkey seem to have suffer'd by their Divisions on account of the Murder of the Dupatty's Son & Soongey Etam produces little occasioned as we observed Last Year by the Badness of the Soil on which account it was recommended to the Gentlemen there to endeavour to remove the Inhabitants of those Parts, to Places more Likely to favour their undertakings Anacksoongey 'tis believed will Produce as much as formerly and the Sultan is much to be commended for his good Conduet and regard to the Companys Interest and may no doubt be Persuaded yet to encrease the Number of Plantations.

The Differences at Laye are at Length accommodated by the Present Deputy Govr. the rise of them proceeded from a refusal to allow Pangaram Munko Rajah the gratuity usually given on Pepper which is 1 Dollar ℔ Bahar, the Dupattey's & People

——*FORT ST. GEORGE, NOVEMBER 1736*——

of that Country alledging the Pangaram had no authority or Jurisdiction over them and Consequently was not entituled to the Gratuity which they said did properly belong to their Headmen, and it was Carryed to such a Height that some of them abandoned their Plantations and assembled in a Tumultuous manner & 50 Bahar of pepper Perished under the Vines durng these Commotion's the Gentlemen then thought it high time to interpose their authority, and by Seizing the Ringleader of them did at Last put a stop to those mutinous Meetings & he was not released 'till he had given Security for his future good Behaviour, But notwithstanding the return of the People to their Plantations the Proateens were still uneasy with regard to the Gratuity & insisted the same shou'd not be Paid to the Pangaram & there was no other way to make them easy, than by granting to the Proateens some allowance on that account which was agreed to be half a Doll^{r}. ℔ Bahar & to Continue the usual allowance to the Pangaram for fear of some ill Consequence that might attend the Lessening his authority for to have deprived the Pongaram of it would have occasion'd those People to have renounced all allegiance to him The title & allowance being inseperable & therefore We think the Gentlemen there have acted very Prudently in preserving his authority over them thô it puts the Company to some Expence & that will in all Probability be made up to them in y^{e}. encrease of Pepper as it will be an encouragement to the Proateens to Look after their Dependants & preserve the Country in Peace.

The Proateens of Laye having also Claimed the promise made them formerly that they shou'd receive 10 Doll^{rs}. ℔ Bahar for their Pepper as soon as the Country produced 100 Bahars ℔ annũ. which being now accomplished the Pepper received from that District being upwards of double that quantity the Deputy Govr. &c^{a}. have thereupon agreed with him that next year they shall be paid after y^{e}. rate of 10 Dollars ℔ Bahar, to which We think there is no objection, since it is the settled price & what they always rec^{d}. when they brought their Pepper to Marlbrough the reason they have of Late years been paid but 8 was by agreement with them they Preferring that Price for their Pepper rather than to be at the Charge and Hazzard of Conveying it to Marlbrô themselves & the 2 Doll^{s}. was allowed on that account. But as the Company have now an House at that Place to which they bring their Pepper & it being always the Practice to Pay 10 Doll^{rs}. at the Scale they are no doubt intituled to receive the same and more especially as they have Performed their Promise of improving their Country.

In answer to what was wrote to them Concerning the Necessity of keeping a Constant Resident at Laye they now offer to your Hon^{r}. &c^{a}. their reasons to which We beg Leave to refer you and shall only say that we are of Opinion it may serve the ends Proposed and be advantagious to the Company.

The Country seems to be every where in Peace but at Saloomah & Koonkey the Murder of the Dupattys son as before mentioned has occasion'd several of the People to quit their Habitations & thereby many Plantations are neglected and gone to ruin, they are endeavouring to accomodate this unhappy affair & have to that Purpose invited the Heads of the Contending Country's to meat at Marlbrô in order to put an end to the Disturbances.

The Coffee plantation which was propos'd to be set on foot for the Company in 1733 was shortly after discontinued for want of Hands & Persons skill'd in the Business as to those begun by other People they are silent, but we hear some are Likely to be brought to Perfection.

The sugar and Arrack Plantation Continues a Leek to our Honble Masters Estate thô we are glad to observe to your Hon^{r}. &c^{a}. the acc^{t}. does not swell so high as the Last. Yet this amounts to no less a sum than Doll^{rs}. 1125. 2. 52 & only 22 Leaguers of Arrack made & no Sugar which at 36 ℔ Leaguer is Doll^{rs}. 792 & makes the Loss 633. 2. 52. We have in our several reports said so much relating to these Plantations that we shall not Trouble your Hon^{r}. &c^{a}. further at this Time.

——*FORT ST. GEORGE, NOVEMBER 1736*——

FIFTHLY FORTIFICATIONS, BUILDINGS, REPAIRS & REVENNUES.

We find they have not as yet made any further Progress in the Buildings designed at Moco Moco than to Contract for the Churam at Doll^rs. 10 ℔ Coyan which we think very reasonable Considering the Distance it must be brought from.

The Hospital is near Compleated.

The Pepper Godown at Manna being of small Demensions is not Capable of receiving all the Pepper brought thither and they desire your Permission to Build one, which we are of Opinion is very Necessary as is also a room or two for the Reception of the Servants and People, who are sent thither to receive the Pepper the seituation of the Country makes it very Cold & unhealthy & most People who are obliged to go there seldom return without Fevers, Agues & Colds chiefly occasion'd by the Want of a good House to cover them from the Extream hot sun in the Day and the Cold & Damp at Night & sueh a Conveniency might save the Lives of many, We beg Leave to offer it to your Consideration.

They represent the want of a storehouse and desire Liberty to erect a Brick Building for that Serviee the Godowns they have at present being not suffieient for the several stores on hand.

We observe they have of Late granted several Leases of grounds and some near the Fort, as it is a Settlement eapable of being greatly improved, it is not improbable but the Company may hereafter be obliged to erect more Buildings than they have at Present, & We submit it to your Honour &c^a. whether a Caution to the Gentlemen there may not be Necessary on that account.

SIXTHLY COMPANY'S SERVANTS MILITARY &C^a.

In Consultation of the 20th. September it was resolved by the Deputy Govr. & all the Council, but M^r. Rigg to allow M^r. Joseph Hurlock nine Months of his Writership and to let him Commenee Factor in consideration of his Close application to Business, as Favours of such a Nature have always been esteem'd in the breast of the Company only, & therefore reserved to them This appears to us irregular.

In Consultation of 29th. October We observe a Petition from David Pugh Surgeons Mate requesting an advance of Pay alledging that what he Contracted with y^e. Company for was not sufficient to Maintain him on whieh the Board agreed to allow him 10£ more ℔ ann. Salary & 5 Doll^rs. ℔ Month more Diet Money. This further Charge we think might have been spared the Comp^a. since his Salary & allowances Contracted with y^e. Company were equal to what they are pleased to allow several of their Covenanted Servants at that place who might with y^e. same reason urge the insufficiency of it to Maintain them.

SEVENTHLY ACCOUNTS.

The acco^t. of adventure to Laye has since M^r. Savages arrival from Europe been adjusted & Daniel Coales is found to be Chargeable with Doll^rs. 234. 2. 50 which sum they have Debted him on the General Books & he is order'd to pay as appears at Large in Consultation of 30th. January 10, 20 & 28 of February.

They have reduced the charges of Bugguezzes & dismiss'd some useless Workmen & your Hon^r. &c^a. having appointed the number of Persons to be kept at Moco Moco the Expences will be Lessen'd.

General Letters read Viz^{t}. Letters read from

N°. 101 from M^{r}. Graham at Ingeram dated 15th. Ultimo in answer to ours of 26th. October and Inclosing a Petition from the Company's Merchants there setting forth the Difficulty's they meet with in Providing Cloth and requesting an additional allowance of one Pagoda ℔^{r}. N°. 102 from the Deputy Govr. & Council of Fort S^{t}. David dated 3^{d}. Instant inclosing their Monthly accounts & accompanying their General Books ending in April Last. from Fort S^{t}. David, accompanying their General Books &

N°. 103 from Messrs. Hubbard and Morse, Executors of the Last will of Captain Edward Orill deceased on the Subject of the 30th. Paragraph of the Company's Letter dated 12th. December 1735. from Messrs. Morse & Hubbard Executors of Capt. Orrill.

Agreed to write to Ingeram that we defer coming to any resolution upon the Merchants Petition 'till we see their Bales up here, and the quality thereof. Answer to Ingeram.

Then the Board resumed the Consideration of the report on the West Coast affairs & having gone through the same Agreed as follows. The West Coast report considered.

That by the next Conveyance which offers for Pegu we give directions for a Sloop to be built there of ten Tons for the service of y^{e}. West Coast.

——FORT ST. GEORGE, DECEMBER 1736——

That in our next General Letter we repeat the Directions sent by Mr. Lenox relating to the deficiency's in their acco[t]. remains.

Mr. Gee's Estate to be charg'd with the deficiency of pepper.

That Mr. Gee's estate be charged for the deficiency of ten and a half Bahar of Pepper after which the Ballance of his account to be Paid to his Executors.

Additional allowances in the price of pepper approv'd.

That for the reasons given in the West Coast Letter and those by the Committee we do approve the additional allowance of two Dollors ℔ Bahar to the Proateens of Laye for the Pepper brought in by them, and also the half Dollar ℔ Bahar to the Proateens over & above the gratuity of one Dollar ℔ Bahar to Pangaron Monko Rajah, but that it be an Instruction to the Deputy Gov[r]. and Council whenever it may be Necessary in future to make any allowance to encourage the Natives to bring in a greater quantity of Pepper it does not at the same time carry with it any appearance of being done with intention to Calm their Differences, least they shou'd be tempted to pretend a quarrel from the sole View of receiving a Bounty of the Company, when otherwise without such expectation they wou'd remain in Peace and quietness.

A Resident at Laye thought necessary & a Godown for pepper at Manna &

That it appears to be for the Company's Interest to Keep a Resident at Laye and Necessary to build a proper Godown for the Pepper at Manna with two rooms for the servants and People who go thither to receive it.

A Brick store Godown at Marlbrough.

That we Permit also a Brick Building at Marlbrô for the Preservation of the Stores, the Godowns where they used to be kept being now taken up by the encrease in y[e]. quantity of Pepper.

The time given Mr. Hurlock not revers'd [ti]ll orders from England.

That in Consideration of the Reasons given by the Late Deputy Govr. and Council for Permitting Mr. Joseph Hurlock to Commence Factor nine Months before his Writership was expired we will not reverse it till we know the Company's Sentiments thereon, but that we forbid such a Practice in future without the Company's consent be first obtained.

Extraordinary Allowances to David Pugh to be discontinued

Agreed also that the extraordinary allowances of ten Pounds ℔ Añn. Salary and five Dollars ℔ Month Diet Money to Mr. David Pugh Surgeon's Mate more than he contracted for with the Company be discontinued.

Further Considerations deferr'd till the dispatch of the George.

The Board having gone through the Committees Report and come to such resolutions thereon as were Necessary here, defer'd the consideration of the rest of that, and the West Coast Letter untill the dispatch of the George.

Accomptant's Annual Report of the Encrease & decrease of the Expences & Revenues on this Coast.

The Accomptant delivers in his annual report of the Expences & Revenues of this Presidency & its Subordinates for the Last year, which particularizing the Causes of the encrease & decrease under the several heads and being enter'd after this Consultation for our Honble Masters inspection Leaves room for the Board only to remark in General that there would have appear'd a Considerable decrease in the Expence, but for the Extraordinary Presents made Last year not only to the Nabob and others at Arcot as Customary upon a New Presidents accession to the Government, but also to the Nabobs sons & Imaum Sahib when they Came down here in October Last for which the reasons have already been Transmitted to England.

Debates about settling Accounts with Andiapa

The President acquaints the Board that Andiapa's agents being Come up here to settle their Masters account with the Company he had receiv'd the Copy of their account out of the Office as it stood upon the General Bookes, the Ballance whereof Due from Andiapa was Pagodas 3325. 25. 22

Andiapa's Agents objected that Credit was not given for the follows articles.

	Cor. Ps.			
Long Cloth Ordry. ..	56 17 @	41 24 43	2369 21 45	
Salampores Fine	5 13		122 10 56	
Long Cloth Ordry. ..	1 6	Lost at Sea	54 33 24	
				2546 29 45
which wou'd reduce the Ballce. to Pags. ..				778 31 57

The President objected to the first article as the cloth was much torn in Washing and if the Company took it wou'd fix a Necessity upon us to sell it at Outcry and by reason of the damage would not fetch near the first Cost, to which Andiapa's Agents replied that by agreement they were only to deliver it brown, and all accidents afterwards were to be upon the Company's accot. Thô this was true in fact after Long argument they Consented to take the Cloth back again and have since sold it in Town for about four hundred Pagodas loss. The President looking upon this Concession as an inclination, at Least no aversion to provide Cloth for us again whenever the Circumstances of the Country shall be more Favourable said Little about the two other articles and now offers it to the Consideration of the Board

——*FORT ST. GEORGE, DECEMBER 1736*——

whether to insist upon their being Left out of the account and also whether Andiapa should be debted for Pag^{s}. 177. 7. 10 the amount of Charges paid on the returned Cloth.

The Board having Consider'd the Loss to Andiapa by his taking back the torn Cloth and being in Hopes of his doing Business for us again hereafter were unwilling to press any other hardship upon him, especially as it would be Contrary to the Conditions of our agreement with him and therefore AGREED that the Sum of Pagodas 177. 7. 10 do remain as it Lyes under the Head of Charges Merchandize, that Andiapa have Credit for the two other Articles the Sallampores to be sold at Outcry and the 26 P^{s}. of Ord^{ry}. Long Cloth Lost at Sea to be Wrote off to Profit and Loss.

ORDER'D that the Accomptant draw out Andiapa's Account Currant conformable hereto, and Produce it to the Board on Monday next.

His Accot. ord^{d}. to be drawn out.

The Board took into Consideration the state of the Company's Cash induced thereto by the Currant Coin of the Country having been Lately very much debased in the Nabob's Mints insomuch that when it was kept up to the old Standard, the Madrass Pagodas did not bear a Batta of above three, to three and a half ℔ Cent, Whereas now the Batta is from eight to eight & a half ℔ Cent, from whence it is evident the Bills of Exchange we draw upon the Company at eight Shillings the Pagoda we do not receive so good Gold for as before by five to five and a half ℔ C^{t}. It is true that for so far as our Business Circulates near us We may not be sensible of any inconvience from the Present Coin as it passes in this Province for as much as the old Currant Money But then for such Part of our Investment as is made out of the Province the Difference will be very Considerable as we must pay eight to eight & a half ℔ Cent for Madrass Pagodas to send to the Northward, which in account at least will be an additional Charge of five ℔ Cent upon the Goods from thence and how Long this new Coin thus abominably debas'd may be Currant even about us is a question not easy to be answer'd. Our Cash at present is very Large Considering the time of the Year and the addition it may receive next Month for Bills of Exchange and the Company do always expect that when We have sufficient Cash to Carry on our Investment, the surplus be Laid out in Silver and sent to y^{e}. Bay but for the present Current Coin we Cannot buy it within five ℔ Cent so Cheap, as for the old Current or Negapatam Pagoda which will make the Pagoda Come out under seven Shillings. We are obliged to give Bills for the Produce of Corral, but it is the amount of those Bills which swells our Cash, and We cannot discharge ourselves of it but greatly to the Comp^{as}. Loss if we receive bad Money for good. The Baseness of the Current Money being an Incident the Company could not foresee We cou'd have no Orders from them for our Government and the damage may be great to Wait for any. In such circumstances it is our Duty to consider the fair and equitable part between the Company and the Corral Merchants and such other Persons as may have occasion to send home Money by Bills. The former may perhaps Complain that by being oblig'd to pay Madras Pagodas they must either pay an Extravagant Batta or be oblig'd to sell their Corral so much the cheaper, but certainly such complaint can never be supported for besides that the Company might with much more reason say that the Corral being sold for bad Money produces more, and that more is a proffit made out of their Purse if they give the same now for bad gold as they did for good, may they not also say give us as good Pagodas as you did before if you expect the same exchange or if you pay us in worse, accept of a less Exchange? To Y^{e}. first the Corral Merchants might object that the same Money not being now Currant is not to be met with, but they could have Little to say against a proportionable reduction of the Exchange if the objections to that were not on the Company's side, as they must be always Varying the rate of Exchange according as the Currant Money grew better or Worse a most uncertain Method and would be attended with many inconveniency's. The thing we would aim at is to fix the Exchange in Proportion to the Value of the Money and both upon such a footing that as the standard (if we may call it so) of the Company's Bills is certain the standard of the Money we receive for them may be so too. It wou'd be a vain and fruitless attempt to introduce any new Coin as the

The Badness of the present Current Coin induces the Board to consider of means to prevent the Company's suffering thereby.

——FORT ST. GEORGE, DECEMBER 1736——

standard of the place and the Example and experience of the M. M. pagodas has convinc'd us how ineffectual that Method was, they never were and in all Probability never wou'd be Currant they were alternately passing the fire, from the currant Money into the M.M. Pag^{s}. and from them into the Currant Money again. To lower the standard of the Madras Pagodas to that of the old Currant Negapatam Pag^{a}. might be attended with worse consequences, for besides that the Nabob might raise a pretence that we were introducing a new coin it may with reason be apprehended that debasing of them would put a stop to y^{e}. Currency even in those parts where they have hitherto been receiv'd, and by keeping up to the standard we may hope they will have more general prevalence as they are sought for now since the late alteration in the Current Coin of these Parts to send to the Southward as well as to the Northward. The Board having debated this matter for some time AGREED that it was the best and only Method we can think of at present to resolve that for all Corral sold after this Day the Bills which we give for the Produce must be for Madras Pag^{s}. only and as they are nearest Three ℔ Cent better than the old Currant or Negapatam Pagoda that we allow the Persons of whom we receive them three ℔ Cent advance or Batta. That Notice hereof be immediately given to those whom the Corral is Consign'd to and that they will do well to Bargain with those they sell it to, to pay them in Madras Pagodas, but for such parcells of corral as have already been sold for the Currant Money we agree to receive it at eight shillings the pagoda the Persons paying the same making Oath it is the produce of what they had sold before this day.

Madrass Pagodas to be paid in for all Bills in return for Coral sold after this day.

Current Pagod^{s}. to be pd. for all Bills for coral sold before this day of which the seller to make oath.

AGREED also that an exact account be kept of the receipts and Issues of the Madras Pagodas with an account of the Batta or profit arising upon the same and both the accounts to be read and Passed Monthly with the Cash account.

An acco^{t}. of the Madrass Pagodas to be passed monthly with the Cash Account.
